The American Revolution in the Southern

Colonies - David Lee Russell 2000-01-01

As the American Revolution in the North drew to a stalemate around New York, in the South the British finally came to terms with the reality of defeat. Southern sites like Kings Mountain, Cowpens, Charleston, the Chesapeake and Yorktown were vital to American independence.

The origin of the five Southern colonies - Maryland, Virginia, North Carolina, South Carolina and Georgia - their development, the role of patriot and loyalist Southerner, and critical battles are examined. Included is a discussion of the leadership of the British forces and of the colonial patriots who inspired common citizens to fight for the sake of American independence.

Vessel Sanitation Program Control and

Prevention 2014-02-10

The Centers for Disease Control and Prevention (CDC) established the Vessel Sanitation Program (VSP) in the 1970s as a cooperative activity with the cruise ship industry. The program assists the cruise ship industry in fulfilling its responsibility for developing and implementing comprehensive sanitation programs to minimize the risk for acute gastroenteritis. Every vessel that has a foreign itinerary and carries 13 or more passengers is subject to twice-yearly inspections and, when necessary, re-inspection.
