Yeah, reviewing a book **albert camus a life** could be credited with your near contacts listings. This is just one of the solutions for you to be successful. As understood, achievement does not recommend that you have fantastic points.

Comprehending as well as pact even more than new will have the funds for each success. neighboring to, the message as with ease as acuteness of this albert camus a life can be taken as capably as picked to act.

The Outsider - Albert Camus 1982

**Albert Camus** - Olivier Todd 1997

An authorised biography of Albert Camus charting his rise from impoverished childhood in Algiers to successful Parisian novelist and philosopher. The facts are set in their historical context to illuminate a life of impossible choices and struggle.

*A Life Worth Living* Robert Zaretsky  
2013-11-07

Exploring themes that preoccupied Albert Camus--absurdity, silence, revolt, fidelity, and moderation--Robert Zaretsky portrays a moralist who refused to be fooled by the nobler names we assign to our actions, and who pushed himself, and those about him, to challenge the status quo. For Camus, rebellion against injustice is the human condition.

*The Rebel* - Albert Camus 2012-09-19

By one of the most profoundly influential thinkers of our century, *The Rebel* is a classic essay on revolution. For Albert Camus, the urge to revolt is one of the "essential dimensions" of human nature, manifested in man's timeless Promethean struggle against the conditions of his existence, as well as the popular uprisings against established orders throughout history. And yet, with an eye toward the French Revolution and its regicides and deicides, he shows how inevitably the course of revolution leads to tyranny. As old regimes throughout the world collapse, *The Rebel* resonates as an ardent, eloquent, and supremely rational voice of conscience for our tumultuous times.

Translated from the French by Anthony Bower.  
*Algerian Chronicles* Albert Camus 2013-05-06  
More than 50 years after independence,

Algerian Chronicles, with its prescient analysis of the dead end of terrorism, appears here in English for the first time. Published in France in 1958—the year the war caused the collapse of the Fourth French Republic—it is one of Albert Camus' most political works: an exploration of his commitment to Algeria.

*Camus, a Romance* - Elizabeth Hawes  
2010-06-08

A woman's passion for the Nobel Prize winner yields "a rich hybrid of biography, literary criticism, intellectual history and memoir" (The Washington Post). Elizabeth Hawes was a college sophomore in the 1950s when she became transfixed and transformed by Albert Camus. The author of such revered works as *The Fall*, *The Plague*, and *The Stranger*, he was best known for his contribution to twentieth-century literature. But who was he, beneath the trappings of fame? A French-Algerian of humble birth; the TB-stricken exile editing the war resistance newspaper *Combat*; the pied noir in anguish over the Algerian War; and the Don Juan who loved a multitude of women. Above all, he was a man who was making an indelible mark on the psyche of an increasingly grounded and empowered nineteen-year-old girl in Massachusetts. Confident that one day she would meet her idol, Elizabeth never let go of his basic message: that in a world that was absurd, the only course was awareness and action. In this "beautiful memoir of a life-long obsession" (Harper's Magazine), literary critic Elizabeth Hawes chronicles her personal forty-year journey as she follows in Camus's footsteps, "bring[ing] this troubled and complex writer back into the light" (The Boston Globe). "A fascinating spin on the mere biographies others

produce”, Camus, a Romance is the story not only of the elusive and solitary Camus, one wrought with passion and detail, but of the enduring and life-changing relationship between a reader and a most beloved writer (The Huffington Post).

*Albert Camus* - Herbert R. Lottman 1980

*Not ebooks 1942- 1951* - Albert Camus 2010

Insight into the evolution of some of the Nobel Prize winner's famous works is provided through the compilation of quotations and commentaries that reveal the nature of the author's spiritual, intellectual, and moral conflicts.

[The Meaning of Life and the Great Philosophers](#)

- Stephen Leach 2018-05-11

The Meaning of Life and the Great Philosophers reveals how great philosophers of the past sought to answer the question of the meaning of life. This edited collection includes thirty-five chapters which each focus on a major philosophical figure, from Confucius to Rorty, and that imaginatively engage with the topic from their perspective. This volume also contains a Postscript on the historical origins and original significance of the phrase ‘the meaning of life’. Written by leading experts in the field, such as A.C. Grayling, Thaddeus Metz and John Cottingham, this unique and engaging book explores the relevance of the history of philosophy to contemporary debates. It will prove essential reading for students and scholars studying the history of philosophy, philosophy of religion, ethics, metaphysics or comparative philosophy.

**The First Man** - Albert Camus 2012-08-08

Camus tells the story of Jacques Cormery, a boy who lived a life much like his own. Camus summons up the sights, sounds and textures of a childhood circumscribed by poverty and a father's death yet redeemed by the austere beauty of Algeria and the boy's attachment to his nearly deaf-mute mother. Published thirty-five years after its discovery amid the wreckage of the car accident that killed Camus, *The First Man* is the brilliant consummation of the life and work of one of the 20th century's greatest novelists. Translated from the French by David Hapgood. "The First Man is perhaps the most honest book Camus ever wrote, and the most sensual...Camus is...writing at the depth of his

powers...It is a work of genius."--The New Yorker  
"Fascinating...The First Man helps put all of Camus's work into a clearer perspective and brings into relief what separates him from the more militant literary personalities of his day...Camus's voice has never been more personal."--New York Times Book Review

**Lyrical and Critical Essays** - Albert Camus 2012-10-31

Edited by Philip Thody, translated by Ellen Conroy Kennedy. "Here now, for the first time in a complete English translation, we have Camus' three little volumes of essays, plus a selection of his critical comments on literature and his own place in it. As might be expected, the main interest of these writings is that they illuminate new facets of his usual subject matter."--The New York Times Book Review "...a new single work for American readers that stands among the very finest."--The Nation

[The Myth of Sisyphus And Other Essays](#) - Albert Camus 2012-10-31

One of the most influential works of this century, *The Myth of Sisyphus and Other Essays* is a crucial exposition of existentialist thought. Influenced by works such as *Don Juan* and the novels of Kafka, these essays begin with a meditation on suicide; the question of living or not living in a universe devoid of order or meaning. With lyric eloquence, Albert Camus brilliantly posits a way out of despair, reaffirming the value of personal existence, and the possibility of life lived with dignity and authenticity.

**The Plague** - Albert Camus 2012-08-08

"Its relevance lashes you across the face."  
—Stephen Metcalf, *The Los Angeles Times* • "A redemptive book, one that wills the reader to believe, even in a time of despair." —Roger Lowenstein, *The Washington Post*  
A haunting tale of human resilience and hope in the face of unrelieved horror, Albert Camus' iconic novel about an epidemic ravaging the people of a North African coastal town is a classic of twentieth-century literature. The townspeople of Oran are in the grip of a deadly plague, which condemns its victims to a swift and horrifying death. Fear, isolation and claustrophobia follow as they are forced into quarantine. Each person responds in their own way to the lethal disease: some resign themselves to fate, some seek

blame, and a few, like Dr. Rieux, resist the terror. An immediate triumph when it was published in 1947, *The Plague* is in part an allegory of France's suffering under the Nazi occupation, and a timeless story of bravery and determination against the precariousness of human existence.

*Camus and Sartre*- Ronald Aronson 2004-01-03  
Until now it has been impossible to read the full story of the relationship between Albert Camus and Jean-Paul Sartre. Their dramatic rupture at the height of the Cold War, like that conflict itself, demanded those caught in its wake to take sides rather than to appreciate its tragic complexity. Now, using newly available sources, Ronald Aronson offers the first book-length account of the twentieth century's most famous friendship and its end. Albert Camus and Jean-Paul Sartre first met in 1943, during the German occupation of France. The two became fast friends. Intellectual as well as political allies, they grew famous overnight after Paris was liberated. As playwrights, novelists, philosophers, journalists, and editors, the two seemed to be everywhere and in command of every medium in post-war France. East-West tensions would put a strain on their friendship, however, as they evolved in opposing directions and began to disagree over philosophy, the responsibilities of intellectuals, and what sorts of political changes were necessary or possible. As Camus, then Sartre adopted the mantle of public spokesperson for his side, a historic showdown seemed inevitable. Sartre embraced violence as a path to change and Camus sharply opposed it, leading to a bitter and very public falling out in 1952. They never spoke again, although they continued to disagree, in code, until Camus's death in 1960. In a remarkably nuanced and balanced account, Aronson chronicles this riveting story while demonstrating how Camus and Sartre developed first in connection with and then against each other, each keeping the other in his sights long after their break. Combining biography and intellectual history, philosophical and political passion, Camus and Sartre will fascinate anyone interested in these great writers or the world-historical issues that tore them apart.

[Looking for The Stranger](#) - Alice Kaplan  
2018-04-04

*The Stranger* is a rite of passage for readers around the world. Since its publication in France in 1942, Camus's novel has been translated into sixty languages and sold more than six million copies. It's the rare novel that's as likely to be found in a teen's backpack as in a graduate philosophy seminar. If the twentieth century produced a novel that could be called ubiquitous, *The Stranger* is it. How did a young man in his twenties who had never written a novel turn out a masterpiece that still grips readers more than seventy years later? With *Looking for "The Stranger"*, Alice Kaplan tells that story. In the process, she reveals Camus's achievement to have been even more impressive—and more unlikely—than even his most devoted readers knew. Born in poverty in colonial Algeria, Camus started out as a journalist covering the criminal courts. The murder trials he attended, Kaplan shows, would be a major influence on the development and themes of *The Stranger*. She follows Camus to France, and, making deft use of his diaries and letters, re-creates his lonely struggle with the novel in Montmartre, where he finally hit upon the unforgettable first-person voice that enabled him to break through and complete *The Stranger*. Even then, the book's publication was far from certain. France was straining under German occupation, Camus's closest mentor was unsure of the book's merit, and Camus himself was suffering from near-fatal tuberculosis. Yet the book did appear, thanks in part to a resourceful publisher, Gaston Gallimard, who was undeterred by paper shortages and Nazi censorship. The initial critical reception of *The Stranger* was mixed, and it wasn't until after liberation that *The Stranger* began its meteoric rise. As France and the rest of the world began to move out of the shadow of war, Kaplan shows, Camus's book—with the help of an aggressive marketing campaign by Knopf for their 1946 publication of the first English translation—became a critical and commercial success, and Camus found himself one of the most famous writers in the world. Suddenly, his seemingly modest tale of alienation was being seen for what it really was: a powerful parable of the absurd, an existentialist masterpiece. Few books inspire devotion and excitement the way *The Stranger* does. And it couldn't have a better

biographer than Alice Kaplan, whose books about twentieth-century French culture and history have won her legions of fans. No reader of Camus will want to miss this brilliant exploration.

**The Stranger** - Albert Camus 2016-06-07

The day his mother dies, Meursault notices that it is very hot on the bus that is taking him from Algiers to the retirement home where his mother lived; so hot that he falls asleep. Later, while waiting for the wake to begin, the harsh electric lights in the room make him extremely uncomfortable, so he gratefully accepts the coffee the caretaker offers him and smokes a cigarette. The same burning sun that so oppresses him during the funeral walk will once again blind the calm, reserved Meursault as he walks along a deserted beach a few days later—leading him to commit an irreparable act. This new illustrated edition of Camus's classic novel *The Stranger* portrays an enigmatic man who commits a senseless crime and then calmly, and apparently indifferently, sits through his trial and hears himself condemned to death.

*Boswell's Enlightenment* - Robert Zaretsky 2015-03-23

Throughout his life James Boswell struggled to fashion a clear account of himself, but try as he might he could not reconcile the truths of his era with those of his religious upbringing. Few periods better crystallize this turmoil than 1763-1765, the years of his Grand Tour and the focus of Robert Zaretsky's thrilling intellectual adventure.

SUMMARY - Albert Camus: A Life By Olivier Todd - Shortcut Edition 2021-06-07

\* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover what life Albert Camus led, from his poor childhood to the genesis of his books, through his marriage, his extra-marital relationships and his intense friendships, all against the backdrop of political events that left a deep impression on him. You will also discover : how his tuberculosis affected him, forcing him to question death and the meaning of life; how the meeting of men and women, like Jean-Paul Sartre, Pascal Pia and the Gallimards, influenced his work and his thinking; what a journalist he was, committed to historical

causes in the fight against totalitarianism in Algeria, the USSR and Germany; how he tried to reconcile, not without difficulty, his life, his work and his morals by trying to "make his life the springboard of his work; what a complex and tortured man he was, caught up in the whirlwind of literature, theater, journalism and politics; his philosophical conceptions, embodied in his characters and the themes of his works, of the metaphysical reflections of commitment, revolt and religion. In this biography, extremely rich in illustrations and unpublished correspondences between the writer and his loved ones, Olivier Todd plunges the reader into the heart of Albert Camus' turbulent life - or rather lives. To understand this man, one must know who Camus was and why he wrote his texts, which Olivier Todd manages to transcribe perfectly, showing the reader the torments of creation and the anxieties of the writer. The reader slips into Albert Camus' head and feels his emotions as he evolves artistically, professionally and politically. At the same time actor, novelist, essayist, playwright and director, the author reveals the complexity of the facets of this man with multiple qualities and defects. A shared man, sometimes charming and shady, imprisoned in the gangue of marriage; a man full of doubts wishing to be loved, torn by the Algerian war, violence and injustice; a rebellious man who spent his life looking for meaning in the human condition. \*Buy now the summary of this book for the modest price of a cup of coffee!

*The Subversive Simone Weil* - Robert Zaretsky 2021-02-23

Known as the "patron saint of all outsiders," Simone Weil (1909-43) was one of the twentieth century's most remarkable thinkers, a philosopher who truly lived by her political and ethical ideals. In a short life framed by the two world wars, Weil taught philosophy to lycée students and organized union workers, fought alongside anarchists during the Spanish Civil War and labored alongside workers on assembly lines, joined the Free French movement in London and died in despair because she was not sent to France to help the Resistance. Though Weil published little during her life, after her death, thanks largely to the efforts of Albert Camus, hundreds of pages of her manuscripts were published to critical and popular acclaim.

While many seekers have been attracted to Weil's religious thought, Robert Zaretsky gives us a different Weil, exploring her insights into politics and ethics, and showing us a new side of Weil that balances her contradictions—the rigorous rationalist who also had her own brand of Catholic mysticism; the revolutionary with a soft spot for anarchism yet who believed in the hierarchy of labor; and the humanitarian who emphasized human needs and obligations over human rights. Reflecting on the relationship between thought and action in Weil's life, *The Subversive Simone Weil* honors the complexity of Weil's thought and speaks to why it matters and continues to fascinate readers today.

*Albert Camus Quotes* Albert Camus 2016-07-13  
"The Best Albert Camus Quotation Book ever Published. Special Edition This book of Albert Camus quotes contains only the rarest and most valuable quotations ever recorded about Albert Camus, authored by a team of experienced researchers. [Albert Camus](#) - Little Books of Wisdom  
2019-11-28

Albert Camus quotes to calm your mind from overthinking and just START LIVING. This little book of quotes by Albert Camus covers all his quotes on life, love, and philosophy. Makes for a unique gift to those who love profound thoughts and ideas Highly quotable lines you can use (or take inspiration) for your own writing "The only way to deal with an unfree world is to become so absolutely free that your very existence is an act of rebellion." ~ Albert Camus "Don't walk behind me; I may not lead. Don't walk in front of me; I may not follow. Just walk beside me and be my friend." ~ Albert Camus

*States of Plague* Alice Kaplan 2022-10-31  
*States of Plague* examines Albert Camus's novel *The Plague* as a palimpsest of our own pandemic life, its account of the psychology and politics of quarantine uncannily relevant to our time. One of the most discussed books of the COVID-19 crisis, Albert Camus's classic novel *The Plague* has been a touchstone for readers over the past two years. As people were surrounded by terror and uncertainty, often separated from loved ones or unable to travel, many sought answers within the pages of Camus's tale about an Algerian city gripped by an epidemic in 1947. People began to read it as a story about their own lives--a book to shed light on a global health crisis. In thirteen linked chapters told in alternating voices, Alice Kaplan and Laura Marris hold the past and present of *The Plague* in conversation, discovering how the novel has reached people in our current moment. Kaplan's chapters explore the book's tangled and vivid history, while Marris's are drawn to the ecology of landscape and language. Through these pages, they find that their sense of Camus evolves under the force of a new reality, alongside the pressures of illness, recovery, concern, and care in their own lives. Kaplan herself is struggling with a case of covid as the book opens; as it closes, Marris receives her first vaccine shot. In between, they find aspects of Camus's novel that once seemed merely literary spoke directly to their own fear and grief. They describe how they learned to contemplate the

skies of a plague spring, to examine the body politic and the politics of immunity. Both personal and eloquently written, *States of Plague* uncovers for us the mysterious way a great novel can imagine the world during a crisis and draw back the veil on our possible futures.

*Our Riches*- Kaouther Adimi 2020-04-28

The powerful English debut of a rising young French star, *Our Riches* is a marvelous, surprising, hybrid novel about a beloved Algerian bookshop *Our Riches* celebrates quixotic devotion and the love of books in the person of Edmond Charlot, who at the age of twenty founded *Les Vraies Richesses* (*Our True Wealth*), the famous Algerian bookstore/publishing house/lending library. He more than fulfilled its motto "by the young, for the young," discovering the twenty-four-year-old Albert Camus in 1937. His entire archive was twice destroyed by the French colonial forces, but despite financial difficulties (he was hopelessly generous) and the vicissitudes of wars and revolutions, Charlot (often compared to the legendary bookseller Sylvia Beach) carried forward *Les Vraies Richesses* as a cultural hub of Algiers. *Our Riches* interweaves Charlot's story with that of another twenty-year-old, Ryad (dispatched in 2017 to empty the old shop and repaint it). Ryad's no booklover, but old Abdallah, the bookshop's self-appointed, nearly illiterate guardian, opens the young man's mind. Cutting brilliantly from Charlot to Ryad, from the 1930s to current times, from WWII to the bloody 1961 Free Algeria demonstrations in Paris, Adimi delicately packs a monumental history of intense political drama into her swift and poignant novel. But most of all, it's a hymn to the book and to the love of books.

**Exile and the Kingdom** - Albert Camus 1991

*Albert Camus*- Olivier Todd 2011-09-07

In this enormously engaging, vibrant, and richly researched biography of Albert Camus, the French writer and journalist Olivier Todd has drawn on personal correspondence, notebooks, and public records never before tapped, as well as interviews with Camus's family, friends, fellow workers, writers, mentors, and lovers. Todd shows us a Camus who struggled all his life with irreconcilable conflicts--between his loyalty to family and his passionate nature, between the

call to political action and the integrity to his art, between his support of the native Algerians and his identification with the forgotten people, the poor whites. A very private man, Camus could be charming and prickly, sincere and theatrical, genuinely humble, yet full of great ambition. Todd paints a vivid picture of the time and place that shaped Camus--his impoverished childhood in the Algerian city of Belcourt, the sea and the sun and the hot sands that he so loved (he would always feel an exile elsewhere), and the educational system that nurtured him. We see the forces that lured him into communism, and his attraction to the theater and to journalism as outlets for his creativity. The Paris that Camus was inevitably drawn to is one that Todd knows intimately, and he brings alive the war years, the underground activities that Camus was caught up in during the Occupation and the bitter postwar period, as well as the intrigues of the French literati who embraced Camus after his first novel, *L'Etranger*, was published. Todd is also keenly attuned to the French intellectual climate, and as he takes Camus's measure as a successful novelist, journalist, playwright and director, literary editor, philosopher, he also reveals the temperament in the writer that increasingly isolated him and crippled his reputation in the years before his death and for a long time after. He shows us the solitary man behind the mask--debilitated by continuing bouts of tuberculosis, constantly drawn to irresistible women, and deeply troubled by his political conflicts with the reigning French intellectuals, particularly by the vitriol of his former friend Sartre over the Algerian conflict. Filled with sharp observations and sparkling with telling details, here is a wonderfully human portrait of the Nobel Prize-winning writer, who died at the age of forty-six and who remains one of the most influential literary figures of our time.

Albert Camus - Olivier Todd 1997

A biography of the novelist and philosopher draws on previously unused personal correspondence, public records and firsthand interviews to reveal Camus's private and public life

*Ideas to Save Your Life* Michael McGirr

2021-11-02

A profound, uplifting and accessible introduction to key philosophical ideas and their relevance to

everyday life.

*Looking for The Strange* Alice Kaplan

2016-09-16

"A National Book Award-finalist biographer tells the story of how a young man in his 20s who had never written a novel turned out a masterpiece that still grips readers more than 70 years later and is considered a rite of passage for readers around the world, "--NoveList.

Summer in Algiers - Albert Camus 2005

In May 2005 Penguin will publish 70 unique titles to celebrate the company's 70th birthday. The titles in the Pocket Penguins series are emblematic of the renowned breadth of quality of the Penguin list and will hark back to Penguin founder Allen Lane's vision of good books for all'. three essays evoke different aspects of the place - the title essay *The Minotaur* and *The Return to Tipasa*.

**Death of Camus** - Giovanni Catelli 2021-02-01

In 1960 a mysterious car crash killed Albert Camus and his publisher Michel Gallimard, who was behind the wheel. Based on meticulous research, Giovanni Catelli builds a compelling case that the 46-year-old French Algerian Nobel laureate was the victim of premeditated murder: he was silenced by the KGB. The Russians had a motive: Camus had campaigned tirelessly against the Soviet crushing of the 1956 Hungarian Revolution, and vociferously supported the awarding of the Nobel Prize to the dissident novelist Boris Pasternak, which enraged Moscow. Sixty years after Camus' death, Catelli takes us back to a murky period in the Cold War. He probes the relationship between Camus and Pasternak, the fraught publication of *Doctor Zhivago*, the penetration of France by Soviet spies, and the high price paid by those throughout Europe who resisted the USSR.

**Albert Camus** - J. R. Maze 2010

This book provides a depth-psychological, analytic reading of all Albert Camus's imaginative literary works including his essays and reminiscences. The chronological procedure reveals an evolution of unconscious themes underlying the conscious views and attitudes to which Camus kept returning over the course of his life. Topics discussed in this study include the analysis of Camus's rejection of morality as the enemy of affection and self-fulfilment; his

atheism; the apparent qualifications in his opposition to terrorism; and his absolute rejection of the death penalty as an instrument of state terrorism. This group of attitudes is located in the Camus family nexus, both in their external and historical reference and in their emerging internal conscious and unconscious meanings, enriched by autobiographical references in the novels to Camus's adult character and personal and political life experiences.

*Someday Is Not a Day in the Week* Sam Horn  
2019-03-12

"Inspired me to ask myself why and to stop postponing the forgotten dreams." —Geneen Roth, #1 New York Times bestselling author of *Women Food and God* and *This Messy Magnificent Life* Full of inspirational insights and advice, lifehacks, and real-world examples, *Someday is Not a Day in the Week* is CEO Sam Horn's motivational guide to help readers get what they want in life today rather than "someday." Are you: • Working, working, working? • Busy taking care of everyone but yourself? • Wondering what to do with the rest of your life? • Planning to do what makes you happy someday when you have more time, money, or freedom? What if someday never happens? As the Buddha said, "The thing is, we think we have time." Sam Horn is a woman on a mission about not waiting for SOMEDAY ... and this is her manifesto. Her dad's dream was to visit all the National Parks when he retired. He worked six to seven days a week for decades. A week into his long-delayed dream, he had a stroke. Sam doesn't want that to happen to you. She took her business on the road for a Year by the Water. During her travels, she asked people, "Do you like your life? Your job? If so, why? If not, why not?" The surprising insights about what makes people happy or unhappy, what they're doing about it (or not), and why...will inspire you to carve out time for what truly matters now, not later. Life is much too precious to postpone. It's time to put yourself in your own story. The good news is, there are "hacks" you can do right now to make your life more of what you want it to be. And you don't have to be selfish, quit your job, or win the lottery to do them. Sam Horn offers actionable, practical advice in short, snappy chapters to show you

how to get started on your best life — now.

**Albert Camus** - Catherine Camus 2012

Albert Camus, winner of the Nobel Prize in Literature, died in a car crash in 1960. He was 46. He left a substantial but unfinished oeuvre of exceptional beauty and power. Writer, journalist, thinker, playwright and producer, Camus was a man of tremendous vitality, a passionate defender of freedom who put his art at the service of human dignity. He fought constantly against oppression and exploitation and set an example that is still worthy today. Using a combination of extracts from his works, photographs and other archive material, some published here for the first time, Camus's daughter Catherine leads us clearly but discreetly through the fascinating life and work of a solitary but universal figure.

*Albert Camus* - Robert D. Zaretsky 2011-07-15

Like many others of my generation, I first read Camus in high school. I carried him in my backpack while traveling across Europe, I carried him into (and out of) relationships, and I carried him into (and out of) difficult periods of my life. More recently, I have carried him into university classes that I have taught, coming out of them with a renewed appreciation of his art. To be sure, my idea of Camus thirty years ago scarcely resembles my idea of him today. While my admiration and attachment to his writings remain as great as they were long ago, the reasons are more complicated and critical.—Robert Zaretsky On October 16, 1957, Albert Camus was dining in a small restaurant on Paris's Left Bank when a waiter approached him with news: the radio had just announced that Camus had won the Nobel Prize for Literature. Camus insisted that a mistake had been made and that others were far more deserving of the honor than he. Yet Camus was already recognized around the world as the voice of a generation—a status he had achieved with dizzying speed. He published his first novel, *The Stranger*, in 1942 and emerged from the war as the spokesperson for the Resistance and, although he consistently rejected the label, for existentialism. Subsequent works of fiction (including the novels *The Plague* and *The Fall*), philosophy (notably, *The Myth of Sisyphus* and *The Rebel*), drama, and social criticism secured his literary and intellectual reputation. And then

on January 4, 1960, three years after accepting the Nobel Prize, he was killed in a car accident. In a book distinguished by clarity and passion, Robert Zaretsky considers why Albert Camus mattered in his own lifetime and continues to matter today, focusing on key moments that shaped Camus's development as a writer, a public intellectual, and a man. Each chapter is devoted to a specific event: Camus's visit to Kabylia in 1939 to report on the conditions of the local Berber tribes; his decision in 1945 to sign a petition to commute the death sentence of collaborationist writer Robert Brasillach; his famous quarrel with Jean-Paul Sartre in 1952 over the nature of communism; and his silence about the war in Algeria in 1956. Both engaged and engaging, *Albert Camus: Elements of a Life* is a searching companion to a profoundly moral and lucid writer whose works provide a guide for those perplexed by the absurdity of the human condition and the world's resistance to meaning.

**Albert Camus** - Robert Zaretsky 2013-10

"Robert Zaretsky considers why Albert Camus mattered in his own lifetime and continues to matter today, focusing on key moments that shaped Camus's development as a writer, a public intellectual, and a man. Each chapter is devoted to a specific event: Camus's visit to Kabylia in 1939 to report on the conditions of the local Berber tribes; his decision in 1945 to sign a petition to commute the death sentence of collaborationist writer Robert Brasillach; his famous quarrel with Jean-Paul Sartre in 1952 over the nature of communism; and his silence about the war in Algeria in 1956"—Jacket.

**1942-1951. Translated from the French and annotated by J. O'Brien** - Albert Camus 1963

**Albert Camus and the Human Crisis** - Robert E. Meagher 2021-11-02

A renowned scholar investigates the "human crisis" that Albert Camus confronted in his world and in ours, producing a brilliant study of Camus's life and influence for those readers who, in Camus's words, "cannot live without dialogue and friendship." As France—and all of the world—was emerging from the depths of World War II, Camus summed up what he saw as "the human crisis": We gasp for air among people who believe they are absolutely right, whether it be in their machines or their ideas.

And for all who cannot live without dialogue and the friendship of other human beings, this silence is the end of the world. In the years after he wrote these words, until his death fourteen years later, Camus labored to address this crisis, arguing for dialogue, understanding, clarity, and truth. When he sailed to New York, in March 1946—for his first and only visit to the United States—he found an ebullient nation celebrating victory. Camus warned against the common postwar complacency that took false comfort in the fact that Hitler was dead and the Third Reich had fallen. Yes, the serpentine beast was dead, but “we know perfectly well,” he argued, “that the venom is not gone, that each of us carries it in our own hearts.” All around him in the postwar world, Camus saw disheartening evidence of a global community revealing a heightened indifference to a number of societal ills. It is the same indifference to human suffering that we see all around, and within ourselves, today. Camus’s voice speaks like few others to the heart of an affliction that infects our country and our world, a world divided against itself. His generation called him “the conscience of Europe.” That same voice speaks to us and our world today with a moral integrity and eloquence so sorely lacking in the public arena. Few authors, sixty years after their deaths, have more avid readers, across more continents, than Albert Camus. Camus has never been a trend, a fad, or just a good read. He was always and still is a companion, a guide, a challenge, and a light in darkened times. This keenly insightful story of an intellectual is an ideal volume for those readers who are first discovering Camus, as well as a penetrating exploration of the author for all those who imagine they have already plumbed Camus’ depths—a supremely timely book on an author whose time has come once again.

*The Stranger*- Albert Camus 2012-08-08

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in

1946; now in translation by Matthew Ward.

**Albert Camus** - Oliver Gloag 2020-02-27

Albert Camus is one of the best known philosophers of the twentieth century, as well as a widely read novelist. Active in the first half of the twentieth century, his views contributed to the rise of the philosophy known as absurdism, and his works have inspired numerous movies, and even pop songs, and are frequently referenced in contemporary politics. In this Very Short Introduction Oliver Gloag explores the life and work of a man full of contradictions, who occupied an ambiguous position in troubled and conflicted times. A fearless journalist who tirelessly investigated the terrible conditions of people in French-occupied Algeria in the 1930s, Camus also stated that the only salvation for France was to remain an "Arab Power". While he published articles during the German Occupation in a clandestine resistance newspaper, Camus also withdrew a chapter on Kafka to ensure that his philosophical treatise would pass the Nazi-controlled censorship. Over the course of his life he ranged from being strongly in favour of the death penalty to deploring it in his philosophy.. Following a broad chronological framework, Gloag explores the major philosophical and literary works of Camus in the historical context in which they were written and published, and analyses how the reception and popularity of these works are connected with contemporary political, social and cultural issues, shaping the ideological landscape that surrounds us.

Happy Death - Albert Camus 2012-08-08

In his first novel, *A Happy Death*, written when he was in his early twenties and retrieved from his private papers following his death in 1960, Albert Camus laid the foundation for *The Stranger*, focusing in both works on an Algerian clerk who kills a man in cold blood. But he also revealed himself to an extent that he never would in his later fiction. For if *A Happy Death* is the study of a rule-bound being shattering the fetters of his existence, it is also a remarkably candid portrait of its author as a young man. As the novel follows the protagonist, Patrice Mersault, to his victim's house -- and then, fleeing, in a journey that takes him through stages of exile, hedonism, privation, and death - it gives us a glimpse into the imagination of one

of the great writers of the twentieth century. For here is the young Camus himself, in love with the sea and sun, enraptured by women yet disdainful of romantic love, and already

formulating the philosophy of action and moral responsibility that would make him central to the thought of our time. Translated from the French by Richard Howard
