Expanded sections explore topics such as contracted forms, issues in consonant and vowel transcription conventions, and regional dialects of American English. The essential introduction to phonetics and phonology, this textbook: Presents new and

revised exercises, references, and recommended readings Covers developmental disorders relevant to the field of speech pathology Includes end-of-chapter passages that help students check their phonetic transcriptions Features an enhanced companion website which contains instructor resources and sound files for transcription exercises Written by an internationally recognized scholar and educator, Applied English Phonology, Fourth Edition is essential reading for anyone in applied phonetics and phonology courses, as well as students and practitioners in areas of language and linguistics, TESOL, and communication sciences and disorders.

Sound Foundations- Adrian Underhill 2011

Ultimate Phrasal Verb Book - Carl W. Hart
2017-03-08

Updated to reflect questions found on the most recent ESL tests, this book presents 400 common phrasal verbs as they are used in

everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

Whitney Nelson 2019-09-17

Envision the ability to present a contract or proposal to your colleagues and not worrying

about how you sound, confident in knowing that you've effectively masked your accent and how everyone is listening to you. With this guide, you'll learn the easiest ways to sound more like a native speaker and dramatically improve the way you sound.

Manual of American English Pronunciation -

Clifford H. Prator 1985

Perfecting Your English Pronunciation -

Susan Cameron 2011-09-02

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area. Developed by acclaimed speech consultant and accent specialist Susan Cameron, Perfecting Your English Pronunciation features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively

on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

Accents and Dialects for Stage and Screen - Paul Meier 2009-01-01

Holding Back The Tears - Annie Mitchell
2013-09-16

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins

to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered.

Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Lose Your Accent in 28 Days - Judy Ravin
2004

Lose Your Accent in 28 Days is the powerful,

Downloaded from for geworks.ca on by

proven system that will help you master American English pronunciation in weeks -- not months or years. Practice 30 minutes a day for 4 weeks and greatly improve your pronunciation. No more being asked to repeat yourself! No more being asked, "What did you say?" Discover the pronunciation system preferred by faculty and students at America's most prestigious universities -- including Cornell, UC Berkeley, Middlebury, and University of Southern California. Lose Your Accent in 28 Days features an interactive CD-ROM that shows you exactly how to pronounce EVERY vowel and consonant through hundreds of video clips. The Audio CD includes over 70 minutes of material on rhythm, stress, and everyday speech patterns. The Workbook offers 80 techniques for better pronunciation. In all, you'll learn from 956 guided examples. What an easy and enjoyable way to lose your accent! Lose Your Accent in 28 Days is complete. There are no extras to buy. You get all this with your system: * A CD-ROM.

Learn to position your mouth and make those difficult vowel and consonant sounds you never thought you could. If you use a system without video, you'll miss the picture. - An Audio CD. Join Ravin and her expert team to practice rhythm, stress and everyday speech patterns. Develop perfect pronunciation and total confidence! - A Workbook. Master pronunciation techniques that will make you sound native-born! People will no longer ask, "What did you say?" - A Carrying Case. Study both at home and on-the-go with this durable and attractive case! Why do people choose this system over the others? * Most accent reduction training systems have audio only. It is very helpful to see the instructor's mouth so you know how to position your own mouth to make the sounds correctly. * Systems that use a video-cassette or DVD do not allow you the incredible flexibility of being able to click with your mouse on the sounds you need to practice...and click over and over again until you've mastered the target sound. * Many

systems are complicated and difficult to use. After a few chapters, many people just give up in frustration. Lose Your Accent in 28 Days is clear and user-friendly so you look forward to studying every day. * Lose Your Accent in 28 Days also helps you master new vocabulary as you go. The system includes a handy idioms glossary defining every idiom used in the book.

How To Do Accents - Edda Sharpe 2014-09-01

This unique book offers a complete course in how to do any accent and also gives you the tools to navigate your way through a specific accent. Using solid technical know-how, clear practical steps, real-life examples, and the occasional dose of humour, the Haydn/Sharpe System brings to the surface the underlying structure of accents. The authors share the processes that they, as specialist dialect coaches, have developed, to give you the insight, tools and confidence to work with accents. This second edition includes examples and exercises for six new accents. Includes a free online code

to access detailed exercises and sample sentences - giving you the sounds you need to get your accent skills going! Also includes ready-to-use resource recordings of the following accents: Norfolk (NEW), Yorkshire (NEW), Standard Canadian (NEW), Standard Australian (NEW), Standard American, Northern Irish (Belfast), Southern Irish (Cork), Scottish (Glasgow), Newcastle, Manchester, Liverpool, South Wales (Swansea), West Midlands (Walsall), Cockney, Neutral Standard English, Contemporary 'Street' London (NEW), Cornish. *The Accent Diet* Blythe J. Musteric 2013-09 "Designed for busy professionals, with online audio"--Cover.

Whaddaya Say Book Cassette Package - Weinstein 2001-01-01

This easy-to-use listening book introduces students to the most common reduced forms of spoken English -- fully contextualized in conversations both practical and entertaining.

Mastering the American Accent with Online

Downloaded from forneworks.ca on by guest

Audio - Lisa Mojsin 2016-09-15

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product.

Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable

stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds. *English the American Way: A Fun ESL Guide to Language and Culture in the U.S. (with Embedded Audio & MP3)* - Sheila MacKechnie Murtha 2015-01-04
REA's English the American Way: A Fun ESL Guide to Language and Culture in the U.S. with

Embedded Audio & Mp3 Download Helps English Language Learners Improve Their Skills
A fun guide to everything American for the English language learner! Authored by seasoned ESL instructors, this handy guidebook is perfect for people who already have a good grasp of English, but want to improve how they speak the language as it is spoken in the United States. Written in a lighthearted and easy-to-follow style, this book is a great resource for people of all ages and all nationalities. Each unit introduces commonly used phrases, vocabulary, and verbs, and offers sample dialogs to illustrate everyday American life. Sentence completions, quizzes, tips, and illustrations make learning fun. Individual units cover topics essential to the mosaic of American life: making friends, basic skills, driving, dining out, dealing with money, home life, emergency situations, doctor visits, handling a job interview, and more. To improve your pronunciation, listen to the embedded audio that accompanies this e-book or download

the Mp3. The audio contains all the dialogues and pronunciation pointers found in the book so you can listen along and practice your speaking skills as you read. The dialogues are read by native speakers and are a great way to work on accent reduction. If you're looking for a fun and easy way to improve your English language skills, this is the book for you!

Pronounce it Perfectly in English - Jean Yates (nauczyciel) 2016

The American Accent Guide - Beverly a. Lujan 2015-01-01

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this

program are based on the belief that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce

skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence,

integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The dialect used in *The American Accent Guide* is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in *The American Accent Guide* reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The *American Accent Guide* is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are

easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of *The American Accent Guide* builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."
