Fun with Quantitative Aptitude - Vitthal B. Jadhav

----- Mathematics is integral part of competitive exam. The subject is used starting from daily life to advanced scientific field. Over the generation mathematics has become the language of science & played immense role in advancing human culture. The subject is integral part of school curriculum still many student find the subject difficult. No matter how hard

we try , we can't run away from at least basic mathematics. Because it requires in almost all business. The math develops logical , rational thinking. Its not only just solving problem but it is the way to deal with unknown situation use the resource , knowledge at our hand. To master this subject, conceptual study is required. But most of time student run behind thousands of shortcut. Shortcuts varies from problem to problem. Hence by such approach to master in subject one has to remember thousands of unnecessary shortcuts. Its is stressful & often decreases accuracy. So instead of learning thousands shortcuts , its better to understand subject logically, conceptually. Such one time learning give advantages to student lifetime. This book gives generic concept by using which one can solve problem faster than shortcuts. Since ,methods are generic. So they are limited. Many methods in this books are the result of deep insight, understanding research in subject & they are

not available elsewhere. Editing this book was quite hectic process. The different colours are added to make explanation easy to understand. -----

----- The book presents innovative quicker methods of quantitative aptitude. It teach subject conceptually by using visual approach... "One picture is better than 1000 words" Useful for all competitive exams. I) Colorful chapters , plenty of examples II) Quicker innovative methods for competitive mathematics etc... III) Solve math problem at speed of light, clarifies concept, builds number sense, awakes visualization , imagination, prediction , prediction & interpretation ability... IV) Mathematics is not just subject to study for exam & score it maximum, but it is foundation of every rational approach, evolving scientific age... Improved logical ability, number sense helps to take more rational, better decision For more detail refer --> <https://play.google.com/store/b>
