Understanding Organizational Behaviour - Udai Narain Pareek 2004

This comprehensive textbook is tailored to meet the long-felt need of MBA students for a book written primarily from an Indian perspective. It explores core concepts and theories of organizational behaviour through managerial applications. The book contains well-illustrated chapters on globalization and the changing profile of employees and customers, culture and the organization, the process of decision making and consensus building, and developing attitudes and values. It provides in-depth coverage of issues and challenges faced by Indian organizations in the areas of traditional culture and modern management, emotional intelligence, the process approach to organizational behaviour, the role of personality and leadership styles, and the roles and functions of the individual, the team, and the organization. Also discussed are key concepts, such as societal culture and organizations, managing work motivation, and preventing and managing conflicts in organizations. Users will find this book highly useful for its applications of theoretical concepts through discussions of individual and team behaviour from actual workplace situations, caselets, and illustrations. Highlights contains

Our Impossible Love - Durjoy Datta 2016-01-15

Life teaches us what 'love' truly is And love gives definition to 'life' Aisha, a bit of a late bloomer, has to figure out what it means to be a woman and to be desired. Danish feels time is running out for him and he's going to end up as a nobody, as opposed to his overachieving, determined younger brother. Life takes a strange turn when Danish, the confused idiot, is appointed as the student counsellor to Aisha. Between the two of them they have to figure out love, life, friendship—most of all, themselves. And it's not proving to be . . . easy? Our Impossible Love presents, Life the way it is and Love the way it should be

Principles Of Management - Dr. F.C. Sharma 2008-01-01

Microeconomics for Management Students - Ravindra H. Dholakia 1999

Corporate Accounting - R.L. Gupta 2021-07-19

The 14th Revised Edition of the book "Corporate Accounting" includes the provision of the Companies Act, 2013, SEBI rules and regulations and Accounting Standards, wherever applicable. The whole book has been updated and corrections made wherever required. Theory and accounting treatment has been revised as per Accounting Standards - 4 (Revised) and Companies (Amendment) Act, 2019. Each aspect of a chapter has been discussed in detail in order to meet the requirements of the syllabus prescribed by different universities and professional institutes. Salient Features of the Book The following features are worth nothing in the present text: • The illustrations and assignment material has been made to conform to the requirements of Schedule III of the Companies Act, 2013. The relevant problems/ solutions has also been revised. • The revised revision of Paragraph 14 of Accounting Standards — 4 concerning Financial Statements regarding Proposed final dividend has been incorporated at relevant pages and the illustrations amended accordingly. • The relevant provisions of Ind AS — 7: Statements of Cash Flows dealing with Bank Overdraft and Proposed Dividend have also been taken care of in this book. • In the chapter of Redemption of Debentures, the treatment of interest on Debenture Redemption Funds Investments or Profit (or Loss) on the sale of DRFI have been also summerised in the chapter. • All chapters have been revised and updated. Problem of each chapter have been suitably graded and edited to include questions of topical interest. We are confident that the book in its revised form will be more useful for B.Com (Pass and Hons.), M.Com, M.B.A., C.A., I.P.C.E, C.A.(Final), I.C.M.A. (Stage II) and Company Secretaries (Executive Programme) Examinations.

Consumer Affairs and Customer Care Sri Ram Khanna 2020-09-21

The subject of this book explains the social framework of consumer rights and legal framework of protecting consumer rights that has evolved in India over the last three decades. It also explains the momentous changes in Indian consumer markets over this period as a result of economic liberalisation and provides an understanding of the problems consumers face in markets and the consumer detriment there from. It analyses the buying behavior of consumers as well as the phenomena of consumer complaints and the processes and systems to address them. The development of the consumer jurisprudence in settling consumer disputes in consumer courts under the Consumers Protection Act of 1986 and 2019 is examined in detail. Leading cases are used to explain important concepts. It also addresses the role played by quality and standardization in the market place and the roles of different agencies in establishing product and service standards. The student should be able to comprehend the business firms' interface with consumers and the consumer related regulatory and business environment for major consumer industries of India.

CHILDHOOD AND GROWING UP - MANGAL, S. K. 2019-05-01

The book, with comprehensive and practicable coverage, acquaints its readers with thorough knowledge and skills to help the growing children in their proper growth and development enabling them to reach the limit of their excellence on one hand, and instilling in them the sense of responsibility towards their society and nation on the other hand. It dwells on the essential topics such as nature of the process of growth and development going on at the various ages and developmental stages of children, their developmental needs and characteristics, individual differences and diversities existing among them, development of various abilities and capacities like intelligence, creativity, and overall personality characteristics, nature of the age-linked behavioural problems, adjustment and mental health, parenting styles, and methods of dealing with the behavioural problems, adjustment, and stressful conditions of the developing children. The text equips the readers with all what is in demand for helping the developing children at this juncture of rapid industrialisation, globalisation, urbanisation, modernisation and economic change. It is primarily designed for the undergraduate students of education and elementary education. KEY FEATURES • Incorporates quite advanced topics such as emotional intelligence, use of reflective journals, anecdotal records and narratives as method of understanding child's behaviour, and so on • Includes detailed discussion of theories of child development, theories of learning, theories of intelligence, theories of achievement motivation, theories of creativity, and theories of personality • Offers engaging language and user-friendly mode of discussion • Adequately illustrated with examples, figures and tables • Comprises chapter-end summary for quick glance of the concepts.

Constitutional Odyssey - Peter H. Russell 2004-09-13

Constitutional Odyssey is an account of the politics of making and changing Canada's constitution from Confederation to the present day. Peter H. Russell frames his analysis around two contrasting constitutional philosophies - Edmund Burke's conception of the constitution as a set of laws and practices incrementally adapting to changing needs and societal differences, and John Locke's ideal of a Constitution as a single document expressing the will of a sovereign people as to how they are to be governed. The first and second editions of Constitutional Odyssey, published in 1992 and 1993 respectively, received wide-ranging praise for their ability to inform the public debate. This third edition continues in that tradition. Russell adds a new preface, and a new chapter on constitutional politics since the defeat of the Charlottetown Accord in 1993. He also looks at the 1995 Quebec Referendum and its fallout, the federal Clarity Act, Quebec's Self-Determination Act, the Agreement on Internal Trade, the Social Union Framework Agreement and the Council of the Federation, progress in Aboriginal self-determination such as Nunavut and the Nisga'a Agreement, and the movement to reduce the democratic deficit in parliamentary government. Comprehensive and eminently readable, Constitutional Odyssey is as important as ever.

Advanced Digital Signal Processing - Jian Wang 2018-06

Signal processing applications frequently encounter multi-dimensional real-time performance requirements and restrictions on resources, which makes software implementation complex. Although major advances have been made in embedded processor technology for this application domain particularly, in technology for programmable digital signal processors - traditional compiler techniques applied to such platforms do not generate machine code of desired quality. Consequently, low-level, human-driven fine-tuning of software implementations is needed, and we are therefore in need of more effective strategies for software implementation for signal processing applications. In this book, a number of important memory and performance optimization problems are addressed for translating high-level representations of signal processing applications into embedded software implementations. This book covers selected topics in advanced digital signal processing (DSP), including theories and applications, containing contributions by a large number of experts around the world. It is intended to provide highlights of the current trends in the

digital signal processing area, showing the recent advances in this field. The covered chapters present practical advances and recent applications of digital signal processing in several areas as communications, filtering, medicine, astronomy, and image processing. This book will fulfill the need of students and researchers in the digital signal processing and related areas as well as appeal to anyone with a scientific background desiring to have knowledgeable overview of this field.

When Only Love Remains - Durjoy Datta 2014-06-15

I've imagined this in my head so many times. I've always thought about what I would say; what I would do, and how it would all turn out to be. And every time I would remove some detail . . . She's a flight attendant—young, bright and living her dream. He's a heartbroken singer on his way to becoming big. She's an ardent fan of his. He can't imagine why and yet seems to find comfort in her words. It's the first time they are together and in their hearts both are wishing, hoping and praying that the night would never end. That the time they are spending together lasts and lasts... In the world of love, there is always

someone perfectly right for you.

Magnifying Object-oriented Analysis and Design - GOPAL ARPITA

CORPORATE ACCOUNTING - FOURTH EDITION - S N Maheshwari 2004-01-01

Entrepreneurship and Small Business - Paul Burns 2016-03-18

The new edition of this market-leading textbook provides a holistic introduction to the academic study of entrepreneurship and offers practical guidance for prospective entrepreneurs. Adopting a life-cycle view of a business from start-up to maturity, it explores the many stages and forms of entrepreneurship. With an international outlook and expert synthesis of both theoretical foundations and lessons from real-life business practice, the book offers a complete course guide, fostering entrepreneurial talent, thinking and skills. The author's engaging style and unrivalled expertise drawn from a long-ranging career (as an academic, accountant and entrepreneur) make the book accessible and authoritative. This is an ideal textbook for those studying Entrepreneurship or Small Business on undergraduate business or management degree courses, as well as on MBA programmes. It will also appeal to those looking to launch their own businesses. New to this Edition: - Updated international case studies from entrepreneurs and small businesses, ranging from Oman to Australia - First-hand, detailed stories from real-life entrepreneurs in brand new video interviews integrated throughout the text - Increased and integrated coverage of social and civic enterprise and hot topics such as effectuation and lean entrepreneurship

Perspectives in Environmental Studies - Anubha Kaushik 2006

Environmental Studies pertain to a systematic analysis of the natural and man-made world encompassing various scientific, economic, social and ethical aspects. Human impacts leading to large scale degradation of the environment have aroused global concern on environmental issues in the recent years. The apex court has hence, issued directive to impart environmental literacy to all. In this book the fundamental concepts of environmental studies have been introduced and analysed in a simple manner strictly as per the module syllabus designed by the U.G.C. for undergraduate courses in science, humanities, engineering, medicine, pharmacy, commerce, management and law. Besides the undergraduate students of all disciplines the book will also be useful for those appearing in various competitive exams since environmental issues now find a focus in most of such examinations. The contents of the book will be of interest to all educationists, planners and policy makers. Key features of the book include a simple and holistic approach with illustrations, tables and specific case studies mainly in the Indian context. The basic terminologies have been defined in the text while introducing the topics and some useful terms mentioned in the text have been explained in the glossary for an easy grasp by students of all disciplines.

Challenges In Higher Education - Karamjeet Singh, Navleen Kaur 2020

Education is as old as the evolution of the human race. Right from the time of its progression, education began from gaining knowledge and skills related to the fulfillment of basic human needs. These were passed on to the next generations in an informal manner. With the growth of civilization, the need of formal education for the development of the individual as well as the society was realized and gradually education got institutionalized. Ever since, education has not remained stagnant but it has undergone wider transformation through the course of time. Expansion of education has helped in the intensification in the ability of our educational system. This includes the increasing number of aspirants, expansion of physical facilities for imparting education, and diverse forms and types of education taking place due to rapidly expanding knowledge base, resulting in new specialized areas of knowledge. This growth is in response to the rapidly changing socio-economic changes in the present world.
