Having presented evidence of an additional planet as well as voluminous information about the other planets in our solar system, Zecharia Sitchin now shows how the discoveries of modern astrophysics, astronomy, and genetics exactly

Inside the Earth - Radu Cinamar 2019-01-08

In this exhilarating description of mysteries inside the Earth, Radu Cinamar presents a unique way to penetrate the Inner Earth through the process of feeling and the effects that will develop from such an experience. To enhance the readers understanding of this very guarded subject, this book includes multiple illustrations that include depictions of Inner Earth geography. Familiar characters from the Transylvania Series also reappear, including the enigmatic Tibetan lama, Repa Sundhi, also known as Dr Xien, who states: If someone had a device or machine that could start up and go everywhere they want, especially towards the centre of the Earth, the machine would be blocked and stop at a certain point because of the frequency of vibration to be found there. Just how far you can go with such a machine can be limited by reason of your own con- sciousness which can in and of itself restrict the dimensional range of such a device or the extent to which it can penetrate other realms. This applies to both human beings as well as material objects. Your ability to access such a region is determined by what your own individual frequency of con- sciousness can or will allow you to experience. This is not only the story of an exciting adventure, it is an opportunity for initiation as you explore the frequencies of your own inner nature.

Also, for the first time in almost 14 years, Radu Cinamar offers us some additional conversations and collaboration with the enigmatic Elinor, the quintessential alchemist, who becomes deeply involved with the new project. Politics and the Environment in Eastern Europe - Eszter Krasznai Kovacs 2021-07-28

Europe remains divided between east and west, with differences caused and worsened by uneven economic and political development. Amid these divisions, the environment has become a key battleground. The condition and sustainability of environmental resources are interlinked with systems of governance and power, from local to EU levels. Key challenges in the eastern European region today include increasingly authoritarian forms of government that threaten the operations and very existence of civil society groups; the importation of locally-contested

conservation and environmental programmes that were designed elsewhere; and a resurgence in cultural nationalism that prescribes and normalises exclusionary nation-building myths. This volume draws together essays by early-career academic researchers from across eastern Europe. Engaging with the critical tools of political ecology, its contributors provide a hitherto overlooked perspective on the current fate and reception of 'environmentalism' in the region. It asks how emergent forms of environmentalism have been received, how these movements and perspectives have redefined landscapes, and what the subtler effects of new regulatory regimes on communities and environment-dependent livelihoods have been. Arranged in three sections, with case studies from Czechia, Hungary, Lithuania, Poland, Romania and Serbia, this collection develops anthropological views on the processes and consequences of the politicisation of the environment. It is valuable reading for human geographers, social and cultural historians, political ecologists, social movement and government scholars, political scientists, and specialists on Europe and European Union politics.

Transylvanian Sunrise - Radu Cinamar 2009-05-27

Written by Peter Moon and Radu Cinamar, a highly placed Romanian intelligence operative, this book heralds the most remarkable archaeological find in the annals of Mankind. Unbeknownst to most, there is an ancient sphinx located in the Bucegi Mountains of Romania. In 2003, the Pentagon discovered, through the use of satellite technology, an anomaly beneath this ancient sphinx. Through the highest

levels of Freemasonry, the Pentagon was able to secure an alliance with the most secret department of the Romanian Intelligence Service which is known as Department Zero. Together, the Romanians and the Americans utilised the Pentagon's secret technology to penetrate a hidden chamber beneath the sphinx which was otherwise inaccessible to humans. What was discovered eventually was a holographic Hall of Records left by an advanced civilisation near three mysterious tunnels leading into the Inner Earth. The book chronicles the discovery of these modern day artefacts which represent the dawn of a new era for Mankind. Peter Moon is brought into the fold through his friend, Dr David Anderson, the mysterious scientist who founded the Time Travel Research Center on Long Island and also maintains a similar facility in Romania. Recognising that such satellite technology would have to have utilised Dr Anderson's proprietary space-time technology for maintaining satellites in orbit, Peter Moon pursues these matters further and accepts Dr Anderson's invitation to Romania where he visits the Romanian Sphinx and learns of a mysterious association between the mysterious time travel scientist and Radu Cinamar.

The Incunabula Papers: Ong's Hat and Other Gateways to New Dimensions Version 2. - Joseph Matheny 1999-01-01

"...a bizarre Internet phenomenon: an "immersive" online experience—part mystery, part game, part who knows what—known as both the Incunabula Papers and Ong's Hat. The Incunabula Papers/Ong's Hat was, or is, a "many-threaded, open-ended interactive narrative" that "weds an alternate history of chaos science and consciousness studies to conspiracy theories, parallel dimensions, and claims that computer-mediated environments can serve as magical tools.... the documents provoked a widespread "immersive legend-trip" in the late 1990s. Via Web forums, participants investigated the documents—manifestos—which spun up descriptions of brilliant but suppressed discoveries relating to paths that certain scientists had forged into alternate realities. Soon, those haunted dimensions existed in the minds and fantasies of Ong's Hat's many participants. That was evident as they responded to the original postings by uploading their

own—all manner of reflections and artifacts: personal anecdotes, audio recordings, and videos—to augment what became "a really immersive world, and it was vast".

Live the Promise - Bodie McCoy 2007-06-19

Can you recall an instance when you were introduced to something—anything—that rocked your world, leaving you with a vague but undeniable certainty that you'd touched into the miraculous? For both Bodie McCoy and his wife Barbara, that instance came with the introduction of the Lord's Prayer into their young lives.' Live the Promise is their book about the relationship of the Lord's Prayer to the world's major mystical and religious traditions and its magical, mystical, ultra-light and yet entirely down-to-earth power to take us to the ultimate seat of wisdom within. Live the Promise begins with Bodie's heart-centered story of his own spiritual unfolding. From there, it leads into the creation of a game that opens people to deeper levels of inner truth by exposing some of the limitations they've accepted—with a game board Bodie intuitively created that turned out to embody the star tetrahedron, the flower of life as well as sacred symbols from many ancient teachings. And the story continues, with a journey to ancient Mayan temples with Hunbatz Men... to the heart of sacred geometry with Drunvalo Melchizedek... to a variety of Eastern spiritual traditions... to holographic insights about time travel and heredity... to a really expensive cup of coffee... to a simple exercise that brings it all together and offers your own experience of the promise embodied in the Lord's Prayer. Live the Promise is a heady book abundantly laced with heart, written by an author I know as a man of extraordinary love and gentleness. The whole point, is "to offer exercises to experientially reveal the promise of the Lord's Prayer within you." It's a book that will help you uncover in a meaningful way' ever-deeper levels of the God/Goddess that you are.

Remote Viewing - Courtney Brown 2005-03

Remote viewing is the mental ability to perceive and describe places, persons, or events at distant locations in the past, present, and future. This book describes the science and theory of the remote-viewing phenomenon. The reality of the remote-viewing phenomenon is not in dispute among a large body of respected researchers & both inside and outside of academia & who have published an extensive collection of high-quality investigations over the past few decades. But profound mysteries remain. This volume breaks new ground by resolving some of remote-viewing's greatest enigmas. In these pages, new research and new theories explain why remote viewing works, and why it is scientifically possible. These investigations utilize remote-viewing methods that are derivative of those used for decades in well-documented U.S. government funded psi research sponsored by the Central Intelligence Agency (C.I.A.) and the Defense Intelligence Agency (D.I.A.). Filled with descriptions and analyses of highly original experiments, here is an investigation into the fascinating characteristics of time and physical reality using remote viewing as a tool of exploration, offering evidence that the past, present, and future truly exist simultaneously. The idea of differing future and past time lines is not just science fiction.

The Roswell Deception and the Demystification of World War II - Douglas Dietrich 2021-04-28

The Roswell Crash has had a massive hypnotic effect on the collective psyche of Mankind ever since the U.S. Army issued a press release that a flying disc crashed in the New Mexican desert in July of 1947. Retracting their statement a day later, they have since orchestrated a massive psychological operation against the public to hide a long history of war

crimes involving some of the most iconic of American heroes. At the core of this operation is the Government's most guarded secret of World War II: the Japanese Emperor's direct role in prosecuting the war. Horrified upon learning of a published agenda to destroy the Yellow Race, a young Hirohito fervently studied to become a preeminent Doctor of Marine Biology in order to create biocidal weapons of mass destruction and so defend his Empire. After successfully testing his genocidal weapons in the Chinese war, they were delivered to the Americans three days after Hiroshima in huge super-dirigibles equipped with planes and tanks. Realizing the potency of these weapons and their own potential doom, the Americans began a series of back-channel negotiations with Hirohito during which they acquiesced to his demands that he remain as Emperor and that America open up their markets to his country. This hidden history includes the revelations that the Emperor's super-dirigibles were the source of the Battle of Los Angeles in February of 1942 and the infamous Roswell Crash of 1947. In an involved and labyrinthine tale that involves hidden hordes of gold, cut-throat politics, hidden technology and massive psychological manipulation of the masses, The Roswell Deception delivers the long anticipated "Disclosure" that humanity has been waiting for.

The New Sirian Revelations Patricia Cori 2017-12-05

In July 1996, during an extraordinary out-of-body journey through the Milky Way and other galaxies, Patricia Cori was reconnected and attuned to a group of interdimensional light beings that she and her many readers came to know, through the first Sirian Revelations transmissions, as The Sirian High Council. During her remarkable mission as their Scribe, she has shared the insights of six-dimensional Sirian Light Emissaries through the books and teachings that have transformed readers over the past decades. Now, twenty years from the date of the first transmission, Cori shares new revelations that affirm the veracity of past prophecies and transmit new visions for the human race as we ascend through the outer reaches of the fourth dimension into new levels of conscious awareness and parallel realities as we prepare for our imminent emergence. Called a "real-life Indiana Jones" by fans and

readers around the world, Cori is one of the most well-known and established authorities on multidimensional realities that challenge the status quo. Her messages from distant realms empower readers to look at the dark side, to understand it, but to focus on the light for all humankind and the earth. In this new book, the Sirians once again hold us to our responsibility as guardians of this planet, with sound direction and advice for how to get through these shifting sands of our transition. Their discussions delve into many of the most crucial issues of our time, including the merging of human mind and artificial intelligence, exoplanetary migration from the earth and what that means to planets that will receive us, coming clean about cloning, the care and feeding of the human being, and the slipping of time as we know it. As the struggle between darkness and light is being fought at every level, Cori reminds us to take comfort in the fact that the Sirian High Council foresaw and told us how this time of immense upheaval would be the last phase of our passage out of the darkness and into the light of far more illuminated states of being.

The Secret Parchment - Radu Cinamar 2013-02-01

In 2003, when a mysterious ancient chamber was unearthed beneath the Romanian Sphinx in the Bucegi Mountains, it became a state secret of the highest level for Romania and their new partner, the United States, whose advanced technology enabled the discovery to take place. The primary custodial agency of this remarkable chamber full of holographic technology is Department Zero, a secret service unit that answers only to the Romanian president. Ever since, there has been a continuous and persistent effort by certain Romanian and American factions to undermine the authority of Department Zero in order to gain access to and control this technology. *The Secret Parchment — Five Tibetan Initiation Techniques* tells the story of the detailed political intrigues behind this remarkable find and also how these matters have been subject to intervention by superior spiritual forces, one of which concerns the arranged discovery of an ancient Tibetan manuscript which is revealed and explained in this book. After the ancient manuscript is translated, a mysterious antenna-like structure reveals itself as a result

of melting ice near a secret American base in Antarctica. Acting as some sort of cosmic buoy, it has an energy signature connecting both to Jupiter's moon, Europa, and an area of Transylvania where the remains of an ancient civilization were uncovered in 1990 amidst vast tunnels of solid gold. Long ago classified as the top state secret of Romania, this location becomes the center of intrigue in and around Department Zero. Although not actually penetrating the underground area itself, Peter Moon visits the general area and determines that this ancient civilization is still very much alive and active.

Crystal skulls invoke a sense of mystery. What was their role in ancient times? Are they important for us in current times? Can they assist us on our spiritual journey? How? Although much has been written about them, many questions still linger. This book addresses many of these lingering questions on practical, subtle-energy, and spiritual levels. This long-awaited sequel to *Crystal Skulls: Interacting with a Phenomenon* weaves practical information on crystal skulls with meditations to provide a deeper understanding of the role of crystal skulls in expanding the consciousness of individuals and humankind as a whole. Filled with useful guidance for both beginners and those who have worked with crystal skulls for long periods of time, *Crystal Skulls: Expand Your Consciousness* addresses essential issues: what material crystal skulls should be made from, what size to choose, how to clean them, and what to do with them. The most important part of the book addresses awakening the potential of a crystal skull. Learn about the energies of these awakened crystal skulls and the effects they have on the spiritual development of individuals and the collective consciousness of humanity. This book invites you on a journey of awakening the potential of your crystal skulls -- and consequently awakening yourself. Several meditations are given to support this journey along with descriptions of the known ancient and old crystal skulls, making this book a "must have" for anyone interested in crystal skulls and in the journey of spiritual development.
