We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams!

Educating the Student Body - Committee on Physical Activity and Physical Education in the School Environment 2013-11-13

Physical inactivity is a key determinant of health across the lifespan. A lack of activity increases the risk of heart disease, colon and breast cancer, diabetes mellitus, hypertension, osteoporosis, anxiety and depression and others diseases. Emerging literature has suggested that in terms of mortality, the global population health burden of physical inactivity approaches that of cigarette smoking. The prevalence and substantial disease risk associated with physical inactivity has been described as a pandemic. The prevalence, health impact, and evidence of changeability all have resulted in calls for action to increase physical activity across the lifespan. In response to the need to find ways to make physical activity a health priority for youth, the Institute of Medicine's Committee on Physical Activity and Physical Education in the School Environment was formed. Its purpose was to review the current status of physical activity and physical education in the school environment,

including before, during, and after school, and examine the influences of physical activity and physical education on the short and long term physical, cognitive and brain, and psychosocial health and development of children and adolescents. Educating the Student Body makes recommendations about approaches for strengthening and improving programs and policies for physical activity and physical education in the school environment. This report lays out a set of guiding principles to guide its work on these tasks. These included: recognizing the benefits of instilling life-long physical activity habits in children; the value of using systems thinking in improving physical activity and physical education in the school environment; the recognition of current disparities in opportunities and the need to achieve equity in physical activity and physical education; the importance of considering all types of school environments; the need to take into consideration the diversity of students as recommendations are developed. This report will be of interest to local and national policymakers, school officials, teachers, and the education community, researchers, professional organizations, and parents interested in physical activity, physical education, and health for school-aged children and adolescents.

Workplace English - James Schofield 2012

Succeed in IELTS Life Skills Speaking and Listening B1 Student's Book - Andrew Betsis 2016-11-10

Managing Diverse Classrooms - Carrie Rothstein-Fisch 2008-01-17

How does the home culture of Latino immigrant students differ from the "mainstream" culture of U.S. schools? Why is it important for teachers to understand the differences? How can educators take advantage of students' cultural traits to improve classroom management, student performance, and school-parent relations? Carrie Rothstein-Fisch and Elise Trumbull answer these and many other questions by drawing on the experience and collective wisdom of teachers in the Bridging Cultures Project, a five-year action research study of elementary classrooms with high percentages of immigrant students. The authors present a simple framework for understanding cultural differences, comparing the "individualistic" culture that prevails in American education with the "collectivistic" culture that characterizes most of the world's population, including many of the Latino immigrant students in U.S. classrooms. At the heart of the book are teacher-developed strategies that capitalize on the cultural values that these students and their families offer, such as an emphasis on helping, sharing, and the success of the group. The strategies cover a wide spectrum of issues and concerns, including * Communication with families * Open house and parent-teacher conferences * Homework * Attendance * Learning in the content areas * Motivation and rewards * Classroom rules * Assessment and grading Managing Diverse Classrooms: How to Build on Students' Cultural Strengths presents both the research foundation and the practical perspectives of seasoned teachers whose classroom-tested approaches have produced positive results. With this valuable guide in hand, readers will have the insights and strategies they need to turn educational challenges into educational opportunities.

Listening - Chris Flint 2013

Shortlisted at HRH THE DUKE OF EDINBURGH ENGLISH LANGUAGE

BOOK AWARDS 2013 Develop key listening skills and become more confident when listening to English, however it is spoken. To improve your listening skills, you need to hear real conversations. This book helps you handle the integrated aspect of the tasks in the test, and give you tips and strategies for the different question types you will face. Collins Skills for the TOEFL iBT Test is a two book series (1 Listening/Speaking; 2 Reading/Writing) to help learners prepare for the "Test of English as a Foreign Language", used by over 7,500 institutions in 130 countries as a measure of language ability. To date, 25 million learners have taken the test around the world. In particular these books are aimed at helping learners handle the integrated-skill aspect of the test, where they are required to produce responses based on mixed input. The books help learners to familiarise with the TOEFL test. Learners focus on improving their skills and test-taking times for specific sections of the test, and look at solutions for how to overcome the most common challenges of the test. The books provide clear strategies and tips to help learners improve their score. Summary Quick Guide: question overviews give learners an easy reference to the characteristics of each question type Challenges and Solutions: these sections offer strategy and skills reviews to help learners learn how to overcome the most common challenges. Get it right: gives a quick overview of the most important steps for doing well on each question type and includes useful vocabulary and expressions Answer Analysis: teaches learners how to rule out distracter answer options Progressive Practice: encourages independent learning by offering a graded progression of content and task sets Review Test sections: offer timed TOEFL test-taking guides and help learners practice what they've learned in a simulated environment Audio CD: enables effective TOEFL practice Highly experienced author team, who have written TOEFL materials before and worked as teachers preparing learners for the test.

Get Ready for IELTS - Els Van Geyte 2012 The IELTS Lower-level skills Practice Books are for students who aspire to take the IELTS test but need to work on their language level first. These are a lead-in to our current series which are for IELTS-ready students. Through IELTS-style tasks and exercises, Collins Get Ready for IELTS Reading helps learners gain confidence in core reading competencies for IELTS. Perfect for self-study, using a guided-learning approach that gives students access to a full answer key with model answers and commentary. Experienced IELTS tutors have developed the series taking into account the specific language needs of learners at this level. A further key focus is the development of learners' cultural awareness in relation to the IELTS test.

Listening: B2 (Collins English for Life: Skills) - Sk Blake 2014 English in the real world is constantly evolving, and learners need to move with it. But sometimes the English you can learn from your coursebook just isn't enough for real life. Being able to understand English as it is really spoken will give you the confidence to succeed in any English speaking environment.

Get Ready for IELTS Classroom Course - Fiona McGarry 2016-01-28 Get Ready for IELTS is the perfect course for students who are preparing to take the Academic version of the IELTS exam. It has been specially designed to help lower-level students to "get ready" for an IELTS preparation course. Get Ready for IELTS provides a firm foundation for lower-level students who are starting out in their IELTS preparation and are working within a band score of 3.5-4.5. The information, advice and practice material will enable students to improve their score and develop the key skills and strategies they need for success in IELTS. The Teacher's Guide that accompanies the course provides full, detailed support and includes clear and easy-to-follow lesson plans, explanations, and instructions; activities to spot-check understanding of key language points and introduce topics; pointers on typical mistakes students make and notes on how to correct them in a way they will understand; an answer key with model answers for Writing and Speaking exercises; an audio CD with material for Listening and Speaking sections, and model answers for Speaking; and audio scripts.

Get Ready for IELTS Listening - Jane Short 2012 The IELTS Lower-level skills Practice Books are for students who aspire to take the IELTS test but need to work on their language level first. These are a lead-in to our current series which are for IELTS-ready students.

Speaking for IELTS - Karen Kovacs 2019-11-14 If your speaking is preventing you from getting the score you need in

IELTS, Collins Speaking for IELTS can help. Don't let one skill hold you back. If your speaking is preventing you from getting the score you need in IELTS, Collins Speaking for IELTS can help. Don't let one skill hold you back. Contents consumer: Collins Speaking for IELTS has been specially created for learners of English who plan to take the IELTS exam to demonstrate that they have the required ability to communicate effectively in English, either at work or at university. It is ideal for learners with band score 5 - 5.5 who are aiming for band score 6 or higher on the IELTS test (CEF level B1 and above). This major new edition has been thoroughly updated and improved to make it even easier to use. Now in full colour, the book has a new layout and a series of brand new features to help students feel fully prepared for their IELTS exam: Enhanced answer keys with further explanations of why answers are right or wrong, or ambiguous 'Watch out!' boxes that highlight common IELTS mistakes A revision checklist at the end of each section to remind students what they should do for each particular part of the exam What is IELTS? The International English Language Testing System (IELTS) is the most common test used by universities for foreign students to prove their language level. IELTS is also increasingly used for immigration purposes, with many countries requiring visa applicants whose first language is not English to submit an IELTS grade. The system tests candidates' Reading, Writing, Listening and Speaking in four separate papers. Usually, students must gain a good mark in all four skills in order to gain entry to the course, job, or country of their choice. For this reason, candidates will often sit the exam numerous times to secure the score that they need. Powered by COBUILD The 4-billion-word Collins corpus is the world's largest database of the English language. It is updated every month and has been at the heart of Collins COBUILD for more than 30 years.

Student's Book contains: engaging tasks with fascinating NG content ; review at end of each unit ; grammar reference with practice activities. CEF: A1-C1.

Teach First Certificate - Nicola Prentis 2017-01-12

This book is for you if you've never taught Cambridge First Certificate before, you want to know the most efficient techniques for getting your students through the exam, even if you've taught it before or you want to be able to advertise your services as an expert in First Certificate. The best way to learn to teach Cambridge First Certificate, is to take students through an entire course. Most schools I've worked at don't offer much in the way of additional training. You're just expected to get on with it. When I taught First, Advanced and PET, I was bumbling along with the books just trying to stay one answer further ahead than the students. Even if you're experienced at teaching general English, you can end up feeling like you've just stepped off the TEFL course. Learning along the way means you won't always be able to see around every little corner. With this book, you'll have everything you need to teach the exam the way your students deserve.

Developing Writing - Patricia Wilcox Peterson 1993

Oxford Collocations Dictionary for students of English Oxford 2009-03-19

Real Lives, Real Listening: Intermediate Student's Book Thorn 2013

A new classroom course based on unscripted and authentic listening materials

When in French - Lauren Collins 2017-11-07

A language barrier is no match for love. Lauren Collins discovered this firsthand when, in her early thirties, she moved to London and fell for a Frenchman named Olivier—a surprising turn of events for someone who

didn't have a passport until she was in college. But what does it mean to love someone in a second language? Collins wonders, as her relationship with Olivier continues to grow entirely in English. Are there things she doesn't understand about Olivier, having never spoken to him in his native tongue? Does "I love you" even mean the same thing as "je t'aime"? When the couple, newly married, relocates to Francophone Geneva, Collins—fearful of one day becoming "a Borat of a mother" who doesn't understand her own kids—decides to answer her questions for herself by learning French. When in French is a laugh-out-loud funny and surprising memoir about the lengths we go to for love, as well as an exploration across culture and history into how we learn languages—and what they say about who we are. Collins grapples with the complexities of the French language, enduring excruciating role-playing games with her classmates at a Swiss language school and accidentally telling her mother-in-law that she's given birth to a coffee machine. In learning French, Collins must wrestle with the very nature of French identity and society—which, it turns out, is a far cry from life back home in North Carolina. Plumbing the mysterious depths of humanity's many forms of language, Collins describes with great style and wicked humor the frustrations, embarrassments, surprises, and, finally, joys of learning—and living in—French.

7 Keys to Comprehension Susan Zimmermann 2008-06-03

It's simple: If children don't understand what they read, they will never embrace reading. And that limits what they can learn while in school. This fact frightens parents, worries teachers, and ultimately hurts children. 7 Keys to Comprehension is the result of cutting-edge research. It gives parents and teachers—those who aren't already using this valuable program—practical, thoughtful advice about the seven simple thinking strategies that proficient readers use: • Connecting reading to their background knowledge • Creating sensory images • Asking questions • Drawing inferences • Determining what's important • Synthesizing ideas • Solving problems Easily understood, easily applied, and proven successful, this essential educational tool helps parents and teachers to turn reading into a fun and rewarding adventure.

The Black Cat John Milne 2005
