Malcolm X and Kwame Ture - Bob Brown 2017-01-08

A collection of articles by and about Kwame Ture, formerly known as Stokely Carmichael, and about Malcolm X.

The Psychology of Revolution - Gustave Le Bon 1913

The Next American Revolution - Grace Lee Boggs 2012-05-31

"Reading Grace Lee Boggs helps you glimpse a United States that is better and more beautiful than you thought it was. As she analyzes some of the inspiring theories and practices that have emerged from the struggles for equality and freedom in Detroit and beyond, she also shows us that in this country, a future revolution is not only necessary but possible." —Michael Hardt, co-author of *Commonwealth* "This groundbreaking book not only represents the best of Grace Lee Boggs, but the best of any radical, visionary thinking in the United States. She reminds us why revolution is not only possible and necessary, but in some places already in the making. The conditions we face under neoliberalism and war do, indeed, mark the end of an era in which the old ideological positions of protest are not really relevant or effective—and this book offers a new way forward." —Robin D.G. Kelley, author of *Freedom Dreams: The Black Radical Imagination* "Grace Boggs has long been a major voice of hope and action for transformation of the United States and the world. Here is her testimony of hope and program for action. It must be taken seriously." —Immanuel Wallerstein, author of *Utopistics: or, Historical Choices of the Twenty-first Century* "One of the most accomplished radicals of our time, the Detroit-based visionary Grace Lee Boggs has become one of our most influential and inspiring public intellectuals. *The Next American Revolution* is her powerful reflection on a lifetime of urban revolutionary work, an ode to the courage and brilliance of her late partner James Boggs, and a plain-spoken call for us to address the troubled times we face with a sense of history, a strong set of values, and an unwavering faith in our own creative, restorative powers." —Jeff Chang, author of *Can't Stop Won't Stop*

Apostles of Revolution - John Ferling 2018-05-15

From acclaimed historian John Ferling, the story of how Thomas Jefferson, Thomas Paine, and James Monroe championed the most radical ideas of the American and French Revolutions. Thomas Jefferson, Thomas Paine, and James Monroe were in the vanguard of revolutionary ideas in the 18th century. As founding fathers, they risked their lives for American independence, but they also wanted more. Each wished for profound changes in the political and social fabric of pre-1776 America and hoped that the American Revolution would spark republican and egalitarian revolutions throughout Europe, sweeping away the old monarchical order. Ultimately, each rejoiced at the opportunity to be a part of the French Revolution, a cause that became untenable as idealism gave way to the bloody Terror. *Apostles of Revolution* spans a crucial period in Western Civilization ranging from the American insurgency against Great Britain to the Declaration of Independence, from desperate engagements on American battlefields to the threat posed to the ideals of the Revolution by the Federalist Party. With the French Revolution devolving into anarchy in the background, the era culminates with the "Revolution of 1800," Jefferson's election as president. Written as a sweeping narrative of a pivotal epoch, *Apostles of Revolution* captures the turbulent spirit of the times and the personal dangers experienced by Jefferson, Paine, and Monroe. It reminds us that the liberty we take for granted is ours only because we, both champions and common citizens, have fought for it.

Hair Chronicles - Dasia Edmond 2017-07-19

In "Hair Chronicles" DasiaVu details the "Struggles of Natural Hair." She talks about the adventures of going to the Salon, the stylist who put up

with her, the different hair styles she gets and the pain she endures while getting her hair "did."

The Fourth Industrial Revolution - Klaus Schwab 2017-01-03

World-renowned economist Klaus Schwab, Founder and Executive Chairman of the World Economic Forum, explains that we have an opportunity to shape the fourth industrial revolution, which will fundamentally alter how we live and work. Schwab argues that this revolution is different in scale, scope and complexity from any that have come before. Characterized by a range of new technologies that are fusing the physical, digital and biological worlds, the developments are affecting all disciplines, economies, industries and governments, and even challenging ideas about what it means to be human. Artificial intelligence is already all around us, from supercomputers, drones and virtual assistants to 3D printing, DNA sequencing, smart thermostats, wearable sensors and microchips smaller than a grain of sand. But this is just the beginning: nanomaterials 200 times stronger than steel and a million times thinner than a strand of hair and the first transplant of a 3D printed liver are already in development. Imagine "smart factories" in which global systems of manufacturing are coordinated virtually, or implantable mobile phones made of biosynthetic materials. The fourth industrial revolution, says Schwab, is more significant, and its ramifications more profound, than in any prior period of human history. He outlines the key technologies driving this revolution and discusses the major impacts expected on government, business, civil society and individuals. Schwab also offers bold ideas on how to harness these changes and shape a better future—one in which technology empowers people rather than replaces them; progress serves society rather than disrupts it; and in which innovators respect moral and ethical boundaries rather than cross them. We all have the opportunity to contribute to developing new frameworks that advance progress.

Revolutionary Mothers - Carol Berkin 2007-12-18

A groundbreaking history of the American Revolution that "vividly recounts Colonial women's struggles for independence—for their nation and, sometimes, for themselves.... [Her] lively book reclaims a vital part of our political legacy" (Los Angeles Times Book Review). The American Revolution was a home-front war that brought scarcity, bloodshed, and danger into the life of every American. In this book, Carol Berkin shows us how women played a vital role throughout the conflict. The women of the Revolution were most active at home, organizing boycotts of British goods, raising funds for the fledgling nation, and managing the family business while struggling to maintain a modicum of normalcy as husbands, brothers and fathers died. Yet Berkin also reveals that it was not just the men who fought on the front lines, as in the story of Margaret Corbin, who was crippled for life when she took her husband's place beside a cannon at Fort Monmouth. This incisive and comprehensive history illuminates a fascinating and unknown side of the struggle for American independence.

Teaching the Harlem Renaissance - Michael Soto 2008

Teaching the Harlem Renaissance: Course Design and Classroom Strategies addresses the practical and theoretical needs of college and high school instructors offering a unit or a full course on the Harlem Renaissance. In this collection many of the field's leading scholars address a wide range of issues and primary materials: the role of slave narrative in shaping individual and collective identity; the long-recognized centrality of women writers, editors, and critics within the «New Negro» movement; the role of the visual arts and «popular» forms in the dialogue about race and cultural expression; and tried-and-true methods for bringing students into contact with the movement's poetry, prose, and visual art. *Teaching the Harlem Renaissance* is meant to be an ongoing resource for scholars and teachers as they devise a syllabus,

prepare a lecture or lesson plan, or simply learn more about a particular Harlem Renaissance writer or text.

Duties, Pleasures, and Conflicts - Michael Thelwell 1987

Essays explore the civil rights movement, Mississippi politics, black literature, and Jesse Jackson's presidential campaign

The war of the American Revolution - Robert W. Coakley 1975

A Struggle for Power - Theodore Draper 2011-05-04

From one of the great political journalists of our time comes a boldly argued reinterpretation of the central event in our collective past—a book that portrays the American Revolution not as a clash of ideologies but as a Machiavellian struggle for power.

How to Hustle and Win - Supreme Understanding 2010-05-26

The follow-up to the bestselling Part One delves deeper into personal development and explores business, relationships, community work, activism, networking, and creating widespread social change. Over 120 practical lessons, drawn from real life examples, are provided to illustrate how easily one can create real change in their lives and in their communities.

Ready for Revolution - Stokely Carmichael 2005-02-15

Head of the Student Non-Violent Coordinating Committee. Honorary prime minister of the Black Panther Party. Bestselling author. Stokely Carmichael (Kwame Ture) is an American legend, one whose work as a civil rights leader fundamentally altered the course of history -- and our understanding of Pan-Africanism today. Ready for Revolution recounts the extraordinary course of Carmichael's life, from his Trinidadian youth to his consciousness-raising years in Harlem to his rise as the patriarch of the Black Power movement. In his own words, Carmichael tells the story of his fight for social justice with candor, wit, and passion -- and a cast of luminaries that includes James Baldwin, Toni Morrison, Bayard Rustin, Martin Luther King, Jr., Rosa Parks, Malcolm X, Ho Chi Minh, and Fidel Castro, among others. Carmichael's personal testimony captures the pulse of the cultural upheavals that characterize the modern world. This landmark, posthumously published autobiography reintroduces us to a man whose love of freedom fueled his fight for revolution to the end.

In the Time of the Butterflies - Julia Alvarez 2010-01-12

It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

The Poisonwood Bible Barbara Kingsolver 2008-09-04

'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.'

Independent 'Powerful.' New York Times An international bestseller and a modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying 'This remains one of the most fascinating books I have ever read.' 'I felt every emotion under the sky with this book.' 'Riveting.' 'This novel left a lasting - YEARS LASTING - impression.' 'This is one of those books that stands the test of time and is worth rereading.' 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

Stokely Speaks - Stokely Carmichael (Kwame Ture) 2007-02-01

In the speeches and articles collected in this book, the black activist, organizer, and freedom fighter Stokely Carmichael traces the dramatic changes in his own consciousness and that of black Americans that took place during the evolving movements of Civil Rights, Black Power, and Pan-Africanism. Unique in his belief that the destiny of African Americans could not be separated from that of oppressed people the world over, Carmichael's Black Power principles insisted that blacks resist white brainwashing and redefine themselves. He was concerned

not only with racism and exploitation, but with cultural integrity and the colonization of Africans in America. In these essays on racism, Black Power, the pitfalls of conventional liberalism, and solidarity with the oppressed masses and freedom fighters of all races and creeds, Carmichael addresses questions that still confront the black world and points to a need for an ideology of black and African liberation, unification, and transformation.

Stokely - Peniel E. Joseph 2014-03-04

Stokely Carmichael, the charismatic and controversial black activist, stepped onto the pages of history when he called for "Black Power" during a speech one Mississippi night in 1966. A firebrand who straddled both the American civil rights and Black Power movements, Carmichael would stand for the rest of his life at the center of the storm he had unleashed that night. In *Stokely*, preeminent civil rights scholar Peniel E. Joseph presents a groundbreaking biography of Carmichael, using his life as a prism through which to view the transformative African American freedom struggles of the twentieth century. During the heroic early years of the civil rights movement, Carmichael and other civil rights activists advocated nonviolent measures, leading sit-ins, demonstrations, and voter registration efforts in the South that culminated with the passage of the Voting Rights Act in 1965. Still, Carmichael chafed at the slow progress of the civil rights movement and responded with Black Power, a movement that urged blacks to turn the rhetoric of freedom into a reality through whatever means necessary. Marked by the assassinations of Malcolm X and Martin Luther King, Jr., a wave of urban race riots, and the rise of the anti-war movement, the late 1960s heralded a dramatic shift in the tone of civil rights. Carmichael became the revolutionary icon for this new racial and political landscape, helping to organize the original Black Panther Party in Alabama and joining the iconic Black Panther Party for Self Defense that would galvanize frustrated African Americans and ignite a backlash among white Americans and the mainstream media. Yet at the age of twenty-seven, Carmichael made the abrupt decision to leave the United States, embracing a pan-African ideology and adopting the name of Kwame Ture, a move that baffled his supporters and made him something of an enigma until his death in 1998. A nuanced and authoritative portrait, *Stokely* captures the life of the man whose uncompromising vision defined political radicalism and provoked a national reckoning on race and democracy.

A Call for Revolution - Dalai Lama 2018-11-13

THE INTERNATIONAL BESTSELLER * A LIBRARY JOURNAL BEST BOOK OF THE YEAR * A SPIRITUALITY & PRACTICE BOOK AWARD WINNER * A NAUTILUS BOOK AWARD WINNER A Landmark Message from His Holiness the Dalai Lama: Are we ready to hear it? Are we ready to act? I call on you to confront the challenges of our era by rising up and embarking upon a revolution that has no precedent in human history This eloquent, urgent manifesto is possibly the most important message the Dalai Lama can give us about the future of our world. It's his rallying cry, full of solutions for our chaotic, aggressive, divided times: no less than A CALL FOR REVOLUTION.

A Single Revolution - Shani Silver 2021-10-07

Shani Silver is not an advocate for singlehood. She's an advocate for single women feeling good while single-and there's a difference. A Single Revolution is one book for single women that won't approach you like you're unfinished. It's for those who are exhausted, frustrated, confused, or angry-who want relationships but don't deserve to be miserable in the meantime. A grueling dating grind isn't a prerequisite for partnership. You can be happily single and still meet someone-that's allowed. It's possible to value your single time so much that you refuse to give it up for anything less than the amazing relationships you deserve. It's also possible to stop searching for them so relentlessly that you ignore every other aspect of your valid, beautiful life. This isn't a book about dating. It's a book about living. You can choose how you feel about being single. You can choose to feel wrong, or you can choose to feel free. A Single Revolution isn't about changing yourself-it's about changing your mind. *Quotations from Chairman Mao Tse Tung* Zedong Mao 1990

Making Climate Policy Work Danny Cullenward 2020-10-07

For decades, the world's governments have struggled to move from talk to action on climate. Many now hope that growing public concern will lead to greater policy ambition, but the most widely promoted strategy to address the climate crisis - the use of market-based programs - hasn't been working and isn't ready to scale. Danny Cullenward and David Victor show how the politics of creating and maintaining market-based policies render them ineffective nearly everywhere they have been applied. Reforms can help around the margins, but markets' problems

are structural and won't disappear with increasing demand for climate solutions. Facing that reality requires relying more heavily on smart regulation and industrial policy - government-led strategies - to catalyze the transformation that markets promise, but rarely deliver.

The Greek Revolution - Mark Mazower 2021-11-16

Winner of the Duff Cooper Prize • One of The Economist's top history books of the year From one of our leading historians, an important new history of the Greek War of Independence—the ultimate worldwide liberal cause célèbre of the age of Byron, Europe's first nationalist uprising, and the beginning of the downward spiral of the Ottoman Empire—published two hundred years after its outbreak As Mark Mazower shows us in his enthralling and definitive new account, myths about the Greek War of Independence outpaced the facts from the very beginning, and for good reason. This was an unlikely cause, against long odds, a disorganized collection of Greek patriots up against what was still one of the most storied empires in the world, the Ottomans. The revolutionaries needed all the help they could get. And they got it as Europeans and Americans embraced the idea that the heirs to ancient Greece, the wellspring of Western civilization, were fighting for their freedom against the proverbial Eastern despot, the Turkish sultan. This was Christianity versus Islam, now given urgency by new ideas about the nation-state and democracy that were shaking up the old order. Lord Byron is only the most famous of the combatants who went to Greece to fight and die—along with many more who followed events passionately and supported the cause through art, music, and humanitarian aid. To many who did go, it was a rude awakening to find that the Greeks were a far cry from their illustrious forebears, and were often hard to tell apart from the Ottomans. Mazower does full justice to the realities on the ground as a revolutionary conspiracy triggered outright rebellion, and a fraying and distracted Ottoman leadership first missed the plot and then overreacted disastrously. He shows how and why ethnic cleansing commenced almost immediately on both sides. By the time the dust settled, Greece was free, and Europe was changed forever. It was a victory for a completely new kind of politics—international in its range and affiliations, popular in its origins, romantic in sentiment, and radical in its goals. It was here on the very edge of Europe that the first successful revolution took place in which a people claimed liberty for themselves and overthrew an entire empire to attain it, transforming diplomatic norms and the direction of European politics forever, and inaugurating a new world of nation-states, the world in which we still live.

The Harder They Come - Michael Thelwell 1988

A young Jamaican travels to the city searching for wealth and fame, records a song, and—at the very moment his recording makes the charts—he becomes a hunted criminal

The Inside-Out Revolution - Michael Neill 2013-05-06

Would you like to experience amazing clarity, peace, and freedom, even in the midst of challenging circumstances? In this groundbreaking new book, bestselling author Michael Neill shares an extraordinary new understanding of how life works that turns traditional psychology on its head. This revolutionary approach is built around three simple principles that explain where our feelings come from and how our experience of life can transform for the better in a matter of moments. Understanding these principles allows you to tap into the deeper intelligence behind life, access your natural wisdom and guidance, and unleash your limitless creative power. You'll be able to live with less stress, greater ease, and a sense of connection to the larger unfolding of life. Welcome to the space where miracles happen... Are you ready to begin?

Want to Start a Revolution - Dayo F. Gore 2009-12

The story of the black freedom struggle in America has been overwhelmingly male-centric, starring leaders like Martin Luther King, Jr., Malcolm X, and Huey Newton. With few exceptions, black women have been perceived as supporting actresses; as behind-the-scenes or peripheral activists, or rank and file party members. But what about Vicki Garvin, a Brooklyn-born activist who became a leader of the National Negro Labor Council and guide to Malcolm X on his travels through Africa? What about Shirley Chisholm, the first black Congresswoman? From Rosa Parks and Esther Cooper Jackson, to Shirley Graham DuBois and Assata Shakur, a host of women demonstrated a lifelong commitment to radical change, embracing multiple roles to sustain the movement, founding numerous groups and mentoring younger activists. Helping to create the groundwork and continuity for the movement by operating as local organizers, international mobilizers, and charismatic leaders, the stories of the women profiled in *Want to Start a Revolution?* help shatter the pervasive

and imbalanced image of women on the sidelines of the black freedom struggle. Contributors: Margo Natalie Crawford, Prudence Cumberbatch, Johanna Fernández, Diane C. Fujino, Dayo F. Gore, Joshua Guild, Gerald Horne, Ericka Huggins, Angela D. LeBlanc-Ernest, Joy James, Erik McDuffie, Premilla Nadasen, Sherie M. Randolph, James Smethurst, Margaret Stevens, and Jeanne Theoharis.

The Crowd - Gustave Le Bon 1897

Book of Ages - Jill Lepore 2014-07-01

NATIONAL BOOK AWARD FINALIST ONE OF THE BEST BOOKS OF THE YEAR NPR • Time Magazine • The Washington Post • Entertainment Weekly • The Boston Globe A NEW YORK TIMES NOTABLE BOOK From one of our most accomplished and widely admired historians—a revelatory portrait of Benjamin Franklin's youngest sister, Jane, whose obscurity and poverty were matched only by her brother's fame and wealth but who, like him, was a passionate reader, a gifted writer, and an astonishingly shrewd political commentator. Making use of an astonishing cache of little-studied material, including documents, objects, and portraits only just discovered, Jill Lepore brings Jane Franklin to life in a way that illuminates not only this one extraordinary woman but an entire world.

Ready for Revolution - Agustín Guillamón 2014-01-20

Seeing the writing on the wall, one of Spain's largest unions began secretly arming workers throughout the country. The anarcho-syndicalist union evolved from overseeing workers' defense to organizing armed resistance to the Fascist coup. From there, it administered entire militias and finally coordinated industrial self-management and food distribution, leading a revolution within the Spanish Civil War. A fascinating new history and a lively narrative of ordinary men and women making history. Agustín Guillamón is an independent historian and the author of *The Friends of Durruti Group, 1937–39* and *The Committees Revolution*.

The Anatomy of Revolution - Crane Brinton 1965-08-12

A comparative history of the English, American, French and Russian revolutions. Bibliographical appendix, index.

Daughters of the Revolution - Carolyn Cooke 2012-06-05

In 1968, a clerical mistake threatens the prestigious but cash-strapped Goode School in the small New England town of Cape Wilde. After a century of all-male, old-boy education, the school accidentally admits its first female student: Carole Faust, a brilliant, outspoken, fifteen-year-old black girl whose arrival will have both an immediate and long-term effect on the prep school and everyone in its orbit. There's the school's philandering headmaster, Goddard "God" Byrd, who had promised co-education "over his dead body" and who finds his syllabi full of dead white males and patriarchal tradition constantly challenged; there's EV, the daughter of God's widowed mistress who watches Carole's actions as she grows older with wide eyes and admiration; and, finally, there's Carole herself, who bears the singular challenge of being the First Girl in a world that's not quite ready to embrace her.

Revolutions: A Very Short Introduction - Jack A. Goldstone 2014-02

Revolutions have shaped world politics for the last three hundred years. This volume shows why revolutions occur, how they unfold, and where they created democracies and dictatorships. Jack A. Goldstone presents the history of revolutions from America and France to the collapse of the Soviet Union, 'People Power' revolutions, and the Arab revolts.

Turning This Thing Around - Keith Maginn 2012-12-22

Turning This Thing Around is an inspiring memoir of overcoming personal struggles. This brutally honest, deeply personal account of redemption takes readers on a moving spiritual journey. Confronted with a myriad of obstacles—a debilitating arthritic disease, narcolepsy, anxiety and depression—the author was outwardly happy, but inwardly miserable. Pushed to the lowest point of his life, Maginn shares how he gradually turned things around and used his experiences to grow as a person. Supplemented by heartfelt poetry by the author and with quotes from Gandhi to Dr. Wayne Dyer to Eckhart Tolle, *Turning This Thing Around* has universal themes that speak to nearly everyone, as we all must face challenges as part of being human. It is a self-help memoir of sorts: the author discusses not only what he overcame, but also how he did so—and how others can, too. Unlike many popular memoirs on the market, this is a story that more people can relate to. Maginn was not raised in an eccentric family (Jeannette Walls in *The Glass Castle*, memoirs by Augusten Burroughs), nor did he travel to Italy, India and Indonesia, as Elizabeth Gilbert did in *Eat, Pray, Love*. Rather, *Turning This Thing Around* is a story of a normal young man's resiliency when battling extraordinary circumstances.

My Life - Leon Trotsky 2012-04-05

This priceless historical document features firsthand accounts from top levels of leadership in the Russian revolutions of 1905 and 1917, chronicling the struggle to establish a dictatorship of the proletariat.

The Struggle Is Real Nicole Unice 2018-08-21

"It just shouldn't be this hard!" Raise your hand if you've ever had a day where everything that could go wrong does go wrong—you lock your keys in the car while it's running, lose control with your kids, make a mistake at the office that results in hours more work. And just when you think not one more thing could possibly happen . . . well, fill in the blank. The struggle is real, friends. It may not be major stuff. Lives are not on the line here. But it makes us feel awful . . . and then we feel guilty for stressing when other people have "real" problems that are so much more serious. Yet the fact remains: We live in a world that often feels harder than we think it should be. And so it can be easy to believe the stories we tell ourselves—that we're doing it wrong, that we'll be stuck in this place forever, that God doesn't love us. We struggle to practice gratitude, to make godly choices, and to live our daily lives with confidence and contentment. So what can we do? Join popular Bible teacher and counselor Nicole Unice to discover why the struggle is real . . . and what to do about it. Nicole offers practical tools to help you navigate the daily ups and downs, and ways to rewrite your struggle into a new, God-centered life story. *The Struggle Is Real* is an invitation to take the hard, hurtful, and confusing moments and turn them into opportunities to grow in wisdom, strength, and joy. Includes access to free online video streaming for 90 days!

Esperanza Rising (Scholastic Gold) - Pam Muñoz Ryan 2012-10-01

Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! *Esperanza* thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces *Esperanza* and Mama to flee to California and settle in a Mexican farm labor camp. *Esperanza* isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, *Esperanza* must find a way to rise above her difficult circumstances—because Mama's life, and her own, depend on it.

The Setting Sun Osamu Dazai 1968-01-17

This powerful novel of a nation in social and moral crisis was first published by New Directions in 1956. Set in the early postwar years, it probes the destructive effects of war and the transition from a feudal Japan to an industrial society. Osamu Dazai died, a suicide, in 1948. But the influence of his book has made "people of the setting sun" a permanent part of the Japanese language, and his heroine, Kazuko, a young aristocrat who deliberately abandons her class, a symbol of the anomie which pervades so much of the modern world.

Black Power - Charles V. Hamilton 2011-06-01

A revolutionary work since its publication, *Black Power* exposed the depths of systemic racism in this country and provided a radical political framework for reform: true and lasting social change would only be accomplished through unity among African-Americans and their independence from the preexisting order. An eloquent document of the civil rights movement that remains a work of profound social relevance 50 years after it was first published.

Ready for Revolution - Stokely Carmichael 2003

The personal story of the civil rights leader's work and life, published to

coincide with the fifth anniversary of his death, discusses his witness to and experiences with the prison farms and lynch mobs of Mississippi, the firefights and political activism of the African liberation wars, and the efforts of Black Power and Pan-Africanism. 40,000 first printing.

Long Walk to Freedom - Nelson Mandela 2008-03-11

The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life—an epic of struggle, setback, renewed hope, and ultimate triumph.

Rising Strong - Brené Brown 2017-04-04

#1 NEW YORK TIMES BESTSELLER • When we deny our stories, they define us. When we own our stories, we get to write the ending. Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart*! Social scientist Brené Brown has ignited a global conversation on courage, vulnerability, shame, and worthiness. Her pioneering work uncovered a profound truth: Vulnerability—the willingness to show up and be seen with no guarantee of outcome—is the only path to more love, belonging, creativity, and joy. But living a brave life is not always easy: We are, inevitably, going to stumble and fall. It is the rise from falling that Brown takes as her subject in *Rising Strong*. As a grounded theory researcher, Brown has listened as a range of people—from leaders in Fortune 500 companies and the military to artists, couples in long-term relationships, teachers, and parents—shared their stories of being brave, falling, and getting back up. She asked herself, What do these people with strong and loving relationships, leaders nurturing creativity, artists pushing innovation, and clergy walking with people through faith and mystery have in common? The answer was clear: They recognize the power of emotion and they're not afraid to lean in to discomfort. Walking into our stories of hurt can feel dangerous. But the process of regaining our footing in the midst of struggle is where our courage is tested and our values are forged. Our stories of struggle can be big ones, like the loss of a job or the end of a relationship, or smaller ones, like a conflict with a friend or colleague. Regardless of magnitude or circumstance, the rising strong process is the same: We reckon with our emotions and get curious about what we're feeling; we rumble with our stories until we get to a place of truth; and we live this process, every day, until it becomes a practice and creates nothing short of a revolution in our lives. Rising strong after a fall is how we cultivate wholeheartedness. It's the process, Brown writes, that teaches us the most about who we are. ONE OF GREATER GOOD'S FAVORITE BOOKS OF THE YEAR "[Brené Brown's] research and work have given us a new vocabulary, a way to talk with each other about the ideas and feelings and fears we've all had but haven't quite known how to articulate. . . . Brené empowers us each to be a little more courageous."—The Huffington Post
