Keely and His Discoveries - Clara Bloomfield-Moore 2001

In the late 1800s John Ernst Worrell Keely claimed to have discovered a source of unlimited energy. For over 30 years his company survived, but never produced a product. This biography (originally published in 1893) seeks to explain the Keely mystery. The author, Clara Bloomfield Moore, financed his work for many years. Opinions on Keely are still sharply divided over a century later - those who call him a free energy pioneer versus those who refer to the "Keely Motor Bubble" as a stock fraud. Chapter XIX, "Latent Force in Interstitial Spaces - Electro-Magnetic Radiation - Molecular Dissociation," was written by Keely. "It is not to be wondered at that the magical nature of his demonstrations, more inexplicable than any feats of legerdemain, should have brought upon him the suspicion of fraudulent representation, concerning the production of the force and its manipulation; but his persistency alone in seeking to unravel the mysteries of nature, ought to have brought around him sooner men who, like the revered and great Leidy, were able to appreciate his researches in sympathetic vibration, the laws of which govern everything in creation, from the movements of the planets, down to the movements of atoms. ... In Keelys theories all is mechanical in nature. A molecule of steel, a molecule of gas, a molecule of brain matter are all of the one primeval substance - the Ether." - Clara Bloomfield

Moore

Science and Civilisation in China, Part 2, Agriculture - Joseph Needham 1984-04-19

This second part of the sixth volume of Joseph Needham's great enterprise is an account of the technological history of agriculture, with major sections devoted to field systems, implements and techniques (sowing, harvesting, storing) and crop systems (what has grown and where and how crops rotated).

The Secret Teachings of All Ages - Manly P. Hall 2021-11-11

Originally published in 1928, *The Secret Teachings of All Ages* is Manly P. Hall's celebrated 20th century tome, where readers delight in discussions about ancient symbolism, rituals, and mythology. Manly P. Hall was a Canadian Author of over 150 published works, the best known of which are *Initiates of the Flame*, *The Story of Healing*, *The Divine Art*, *Aliens Magic and Sorcery* *The Secret Teachings of All Ages*, and *An Encyclopedic Outline of Masonic, Hermetic, Qabbalistic Rosicrucian Symbolical Philosophy*. Symbolism is the language of the Mysteries; in fact it is the language not only of mysticism and philosophy but of all Nature, for every law and power active in universal procedure is manifested to the limited sense perceptions of man through the medium of symbol. Every form existing in the diversified sphere of being is symbolic of the divine activity by which it is produced. By symbols men have ever sought to communicate to each other those thoughts which

transcend the limitations of language. This book is often hailed as an encyclopedia for all things hidden, ancient, and arcane, and it explores a vast array of topics, from secret societies and the Zodiac to Mystic Christianity and William Shakespeare's identity. Despite some of the outdated and controversial ideas it poses now in the 21st century, it continues to fascinate students of the cryptic and mysterious.

The Master Game - Robert S. De Ropp 2003-03-01

Explores the human psyche and the specific techniques through which one can achieve the highest possible levels of consciousness.

The Racial Contract - Charles W. Mills 2022-04-15

The Racial Contract puts classic Western social contract theory, deadpan, to extraordinary radical use. With a sweeping look at the European expansionism and racism of the last five hundred years, Charles W. Mills demonstrates how this peculiar and unacknowledged "contract" has shaped a system of global European domination: how it brings into existence "whites" and "non-whites," full persons and sub-persons, how it influences white moral theory and moral psychology; and how this system is imposed on non-whites through ideological conditioning and violence. The Racial Contract argues that the society we live in is a continuing white supremacist state. As this 25th anniversary edition—featuring a foreword by Tommy Shelbie and a new preface by the author—makes clear, the still-urgent *The Racial Contract* continues to inspire, provoke, and influence thinking about the intersection of the racist underpinnings of political philosophy.
