

# Wicca The Old Religion In New Millennium Vivianne Crowley

Yeah, reviewing a book **wicca the old religion in new millennium vivianne crowley** could ensue your near friends listings. This is just one of the solutions for you to be successful. As understood, realization does not suggest that you have astonishing points.

Comprehending as competently as arrangement even more than new will give each success. neighboring to, the message as skillfully as perspicacity of this wicca the old religion in new millennium vivianne crowley can be taken as skillfully as picked to act.

The Word - Camelot Press 2002

THE WORD: Welsh Witchcraft and America By Rhuddlwm Gawr, Taliesin Enion Vawr, & Merridden Gawr. Introduction by Sarah Llewellyn Book Three of The Quest Trilogy Many avid readers have awaited publication of The Word, part three of the Quest Trilogy. This is the most comprehensive book ever published on the practice of Welsh Witchcraft, and is one of the few books that teaches the basic spirituality of the Craft. It discloses why and how Welsh Witchcraft began. It reveals the religious practices and explains the mysteries of the magical rituals. It demonstrates initiation and guides the reader through that ritual as well as the arcane teachings. The Word establishes the claim that Welsh Witchcraft is a remnant of the ancient religion of Hyperborea and Atlantis.

Religion, Theology and the Human Sciences Richard H. Roberts 2002  
Religion, Theology and the Human Sciences explores the religious consequences of the so-called 'end of history' and 'triumph of capitalism' as they have impinged upon key institutions of social reproduction in recent times. The book explores the imposition of managerial modernity upon successive sectors of society and shows why many people today feel themselves to be oppressed by systems of management that seem to leave them no option but to conform. Richard Roberts seeks to challenge and outflank such seamless, oppressive modernity, through reconfiguration of the religious and spiritual field.

**Introduction to New and Alternative Religions in America** - Eugene V. Gallagher 2006

Describes more than thirty new and alternative religions practiced in America, covering their history, philosophy, leaders, religious practices, and the controversies that arise around them.

Handbook of New Age - James Lewis 2007-05-30

The Handbook of New Age is a comprehensive survey of alternative spiritualities: their history, their global impact, their cultural influence and how they are understood by scholars.

**Easternization of the West** - Colin Campbell 2015-11-17

In this provocative and groundbreaking book, Colin Campbell shows that the civilization of the West is undergoing a revolutionary process of change, one in which features that have characterized the West for two thousand years are in the process of being marginalized, to be replaced by those more often associated with the civilizations of the East. Moving far beyond popular trends, Campbell assembles a powerful range of evidence to show how "Easternization" has been building throughout the last century, especially since the 1960s. Campbell demonstrates how it was largely in the 1960s that new interpretations in theology, political thought, and science were widely adopted by a new generation of young "culture carriers." This highly original and wide-ranging book advances a thesis that will be of interest to scholars in many disciplines in the humanities and social sciences.

**Handbook of Contemporary Paganism** - Murphy Pizza 2009

Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape. The members of the movement are simultaneously growing, unifying, and maintaining its characteristic diversity of traditions, identities, and rituals. The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions, praxis, theologies, and communities. As Contemporary Paganism continues to grow and mature, new angles of inquiry about it have emerged and are explored in this collection. This examination and study of contemporary Paganism contributes new ways to observe and examine other religions, where innovations, paradoxes, and inconsistencies can be more accurately documented and explained.

**Wicca and the Christian Heritage** - Joanne Pearson 2007-05-03

What is Wicca? Is it witchcraft, Paganism, occultism, esotericism, magic, spirituality, mysticism, nature religion, secrecy, gnosis, the exotic or 'other'? Wicca has been defined by and explored within all these contexts over the past thirty years by anthropologists, sociologists and historians, but there has been a tendency to sublimate and negate the role of Christianity in Wicca's historical and contemporary contexts. Joanne Pearson 'prowls the borderlands of Christianity' to uncover the untold history of Wicca. Exploring the problematic nature of the Wiccan claim of marginality, it contains a groundbreaking analysis of themes in Christian traditions that are inherent in the development of contemporary Wicca. These focus on the accusations which have been levelled against Catholicism, heterodoxy and witchcraft throughout history: ritual, deviant sexuality and magic.

**Contemporary Pagan and Native Faith Movements in Europe** - Kathryn Rountree 2015-06-01

Pagan and Native Faith movements have sprung up across Europe in recent decades, yet little has been published about them compared with their British and American counterparts. Though all such movements valorize human relationships with nature and embrace polytheistic cosmologies, practitioners' beliefs, practices, goals, and agendas are

diverse. Often side by side are groups trying to reconstruct ancient religions motivated by ethnonationalism—especially in post-Soviet societies—and others attracted by imported traditions, such as Wicca, Druidry, Goddess Spirituality, and Core Shamanism. Drawing on ethnographic cases, contributors explore the interplay of neo-nationalistic and neo-colonialist impulses in contemporary Paganism, showing how these impulses play out, intersect, collide, and transform.

**The Devil's Children** - Jean La Fontaine 2016-03-16

A number of cases of serious child abuse have resulted from beliefs that children may be possessed by evil spirits and may then be given the power to bewitch others. Misfortune, failure, illness and even death may be blamed on them. The 'cure', nowadays called deliverance rather than exorcism, is to expel the spirits, sometimes by violent means. This book draws together contributions on aspects of possession and witchcraft from leading academics and expert practitioners in the field. It has been put together following conferences held by Inform, a charity that provides accurate information on new religions as a public service. There is no comparable information publicly available; this book is the first of its kind. Eileen Barker, founder of Inform, introduces the subject and Inform's Deputy Director goes on to detail the requests the charity has answered in recent years on the subject of children, possession and witchcraft. This book offers an invaluable resource for readers, whether academic or practitioner - particularly those in the fields of the safeguarding of children, and their education, health and general welfare.

**Witchcraft and Magic** - Helen A. Berger 2005

In original essays the book explores both religions that incorporate magical or occult beliefs and practices and contemporary responses to these religions in North America and the Caribbean.

**Your Dark Side** - Vivianne Crowley 2012-08-31

Everyone can present themselves as kind, decent and good-natured people to the world, but beneath the surface there is a dark side in everyone. This emerges when we least expect it, and releases our shameful fears and fantasies that we usually try to hide. Although this

shadow self is buried in our unconscious, it will release itself in many forms - jealousy, anger, selfishness. Through trying to hide this dark part of our identities, we lose touch with our true selves. Vivianne and Christopher Crowley suggest confronting your dark side in this ebook, and through facing these negative elements of our personalities, we can learn to embrace our fears, transform ourselves, and bring new energy into our lives. The book includes a light-hearted quiz to see how well you know your dark side. The Paranormal, the new ebook series from F&W Media International Ltd, resurrecting rare titles, classic publications and out-of-print texts, as well as new ebook titles on the supernatural - other-worldly books for the digital age. The series includes a range of paranormal subjects from angels, fairies and UFOs to near-death experiences, vampires, ghosts and witchcraft.

Pagan Theology - Michael York 2005-04

In Pagan Theology, Michael York provides an introduction to, and expansion of, the concept of Paganism and provides an overview of its theological perspective and practice. He demonstrates it to be a viable and distinguishable spiritual perspective found today in such forms as Chinese folk religion, Shinto, tribal religions, and neo-Paganism in the West. While adherents of many of these traditions do not use the word "pagan" to describe their beliefs or practices, York contends that there is an identifiable position possessing characteristics and understandings in common for which the label "pagan" is appropriate. He outlines these characteristics and also explores paganism as a general form of religious behavior which may be found in other religions which are not themselves pagan. In the course of examining such behavior, York provides descriptions of religions in action, including Buddhism and Hinduism.

A Popular Dictionary of Paganism - Joanne Pearson 2013-10-18

This dictionary is a glossary of terms and a reference work whose entries cover the complex phenomenon of contemporary Paganism. A valuable addition to the available academic literature.

**Pagan and Witch Elders of the World** - Tamara Von Forslun 2020-10-07

The Pagan or Witch Elder is a leader who has lead by example, and

teaches their wisdom to those that will listen, they have cleared the path for those to follow. We must remember and know who these Spiritual and Magical Warriors were and are, some who are still fighting in the world for our acceptance and understanding. This book is filled with hundreds of Elders (some known and some not well known) who stood tall and fought the establishment with compassion and strength, endurance and wisdom, courage, and determination, to share an ancient knowledge that has been awakened by them in the 21st century. I write this book so that our Pagan community remembers and knows who these brave Spiritual Earth Warriors were and are, and what they have given, sacrificed, and shared for the future of our world. This book is to honour all our Elders, so they are never forgotten and always honoured. MERRY WE MEET, MERRY WE PART, AND MERRY WE MEET AGAIN!

**Introduction to New and Alternative Religions in America [Five Volumes]** - Eugene V. Gallagher 2006

**The Encyclopedia of Witches, Witchcraft and Wicca** - Rosemary Guiley 2010-05-12

Praise for the previous editions: "Clearly the best reference work on the subject now available."

**Science and Religion** - Lucas F. Johnston 2014-02-05

This collection offers new perspectives on the study of science and religion, bringing together articles that highlight the differences between epistemological systems and call into question the dominant narrative of modern science. The volume provides historical context for the contemporary discourse around religion and science, detailing the emergence of modern science from earlier movements related to magic and other esoteric arts, the impact of the Reformation on science, and the dependence of Western science on the so-called Golden Age of Islam. In addition, contributors examine the impacts of Western science and colonialism on the ongoing theft of the biological resources of traditional and indigenous communities in the name of science and medicine. The volume's multi-perspectival approach aims to refocus the terms of the conversation around science and religion, taking into consideration

multiple rationalities outside of the dominant discourse.

**Wicca** - Vivianne Crowley 2003-07-29

With more than 75,000 copies sold, this book has become the classic, introductory to one of the oldest--and fastest growing--religions in the world. The new edition explains the way of the Witch and much more.

**Making Magic with Gaia** - Francesca Ciancimino Howell 2002-01-01

We must always remember how even small steps lead us closer to the divine in Nature and to the deep interconnectedness that is magical Deep Ecology." A Greenpeace activist, Wiccan High Priestess, and proud Soccer Mom, Francesca Howell has been involved in magical traditions and wildlife preservation since childhood. In this one-of-a-kind book, she shares her everyday suggestions for spiritual renewal through connecting with nature.

**Teenage Witches** - Helen Berger 2007-05-08

A popular new image of Witches has arisen in recent years, due largely to movies like *The Craft*, *Practical Magic*, and *Simply Irresistible* and television shows such as *Buffy the Vampire Slayer*, *Sabrina the Teenage Witch*, and *Charmed*. Here, young sexy Witches use magic and Witchcraft to gain control over their lives and fight evil. Then there is the depiction in the *Harry Potter* books: Witchcraft is a gift that unenlightened Muggles (everyday people) lack. In both types of portrayals, being a Witch is akin to being a superhero. At the other end of the spectrum, wary adults assume that Witches engage in evil practices that are misguided at best and dangerous at worst. Yet, as Helen A. Berger and Douglas Ezzy show in this in-depth look into the lives of teenage Witches, the reality of their practices, beliefs, values, and motivations is very different from the sensational depictions we see in popular culture. Drawing on extensive research across three countries--the United States, England, and Australia--and interviews with young people from diverse backgrounds, what they find are highly spiritual and self-reflective young men and women attempting to make sense of a postmodern world via a religion that celebrates the earth and emphasizes self-development. The authors trace the development of Neo-Paganism (an umbrella term used to distinguish earth-based religions

from the pagan religions of ancient cultures) from its start in England during the 1940s, through its growing popularity in the decades that followed, up through its contemporary presence on the Internet. Though dispersed and disorganized, Neo-Pagan communities, virtual and real, are shown to be an important part of religious identity particularly for those seeking affirmation during the difficult years between childhood and adulthood.

**Food, Festival and Religion** - Francesca Ciancimino Howell 2018-08-09

*Food, Festival and Religion* explores how communities in northern Italy find a restorative sense of place through foodways, costuming and other forms of materiality. Festivals examined by the author vary geographically from the northern rural corners of Italy to the fashionable heart of urban Milan. The origins of these lived religious events range from Christian to vernacular Italian witchcraft and contemporary Paganism, which is rapidly growing in Italy. Francesca Ciancimino Howell demonstrates that during ritualized occasions the sacred is located within the mundane. She argues that communal feasting, pilgrimage, rituals and costumed events can represent forms of lived religious materiality. Building on the work of scholars including Foucault, Grimes and Ingold, Howell offers a theoretical "Scale of Engagement" which further tests the interfaces between and among the materialities of place, food, ritual and festivals and provides a widely-applicable model for analyzing grassroots events and community initiatives. Through extensive ethnographic research and fieldwork data, this book demonstrates that popular Italian festivals can be ritualized, liminal spaces, contributing greatly to the fields of religious, performance and ritual studies.

*The Encyclopedic Sourcebook of New Age Religions* James R. Lewis 2004-08-30

In the late 1980s, the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement, such as channeling and the use of crystals for healing, briefly piqued the public's curiosity. While the movement was at its height, scholars of religion generally sneered at what was perceived

to be a daffy, shallow craze, and ignored it as a subject of serious study. Professor James R. Lewis was among the first to examine this growing religious phenomenon scientifically. In previous books, he has investigated the New Age as the most visible manifestation of a significant spiritual subculture, the roots of which reach back to Theosophy, Spiritualism, and New Thought. The present collection pursues this theme, bringing together some of the best recent scholarship on new religions. Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality. Reflecting the emergence of this new denominational structure, the core chapters of this book focus on specific groups. Other chapters examine the movement's historical roots. A unique feature of Dr. Lewis's work is his inclusion of extensive selections from New Age literature, thus allowing readers to experience firsthand the unusual perspectives of the various groups. This is a fascinating examination of a significant and persistent religious and social phenomenon.

*Lives in Spirit* Harry T. Hunt 2012-02-01

Explores the roots of modern transpersonal psychology and spirituality through psychobiography.

*Materializing Religion* William Keenan 2017-03-02

The material symbol has become central to understanding religion in late modernity. Overtly theological approaches use words to express the values and faith of a religion, but leave out the 'incarnation' of religion in the behavioural, performative, or audio-visual form. This book explores the lived experience of religion through its material expressions, demonstrating how religion and spirituality are given form and are thus far from being detached or ethereal. Cutting across cultures, senses, disciplines and faiths, the contributors register the variety in which religions and religious groups express the sacred and numinous. Including chapters on music, architecture, festivals, ritual, artifacts, dance, dress and magic, this book offers an invaluable resource to students of sociology and anthropology of religion, art, culture, history, liturgy, theories of late modern culture, and religious studies.

**The Encyclopedia of Modern Witchcraft and Neo-Paganism** - Shelley Rabinovitch 2004

Whether you're looking for information on blessings, the Green Man, divination, ritual components, or spellwork, you can find it all in the Encyclopedia of Modern Witchcraft and Neo-Paganism. Here is the ultimate source of information on all things Wiccan and Neo-Pagan, an indispensable tool for anyone wanting to learn about the history, traditions, and major figures of modern nontraditional religions. Organized alphabetically and designed to be both clear and comprehensive, this book provides definitions and detailed entries on a wide range of subjects -- including Witchcraft, Shamanism, Gaia theory, the Burning Times, Pagan festivals, Wiccan holidays, and much more. There are essays on Witchcraft and Paganism's influence on pop culture, including the crop of Wicca-inspired books, movies, and television shows such as Buffy the Vampire Slayer, Charmed, The Craft, and the Harry Potter series. From Altar to Otter Zell, and all points in between, the illustrated Encyclopedia of Modern Witchcraft and Neo-Paganism is the first and last Wyrd on nontraditional religion -- the ultimate reference for anyone interested in past, present, and practice. Book jacket.

Researching Paganisms - Jenny Blain 2004

Researchers of Paganism from a variety of disciplines examine how they have been affected by their contact with this nontraditional religion, how this religion has been affected by academic researchers and what this reveals about participative research methods.

Encyclopedia of Wicca & Witchcraft - Raven Grimassi 2000

Grimassi has written extensively about Wicca, and Llewellyn specializes in books sympathetic to occult ways, so the combination is pretty predictable. He describes not only the usual magic practices, but also the religious and spiritual aspects of what believers say is inherited ancient European wisdom and scoffers say is made-up, new-age nonsense. Annotation copyrighted by Book News, Inc., Portland, OR

**Everyday Magic** - Vivianne Crowley 2012-08-31

The High Priestess and author of Wicca presents an accessible introduction to magic in the modern world. Exploring how you can

integrate magic into your daily life, Vivianne Crowley shows that contemporary self-help methods are rooted in magical practices. She explains how magic can help us discover and unfold our potential selves, and how we can use magic as a force for good to heal and remove fears. Vivianne dispels modern myths of magic as wizards, dragons, or evil sorcerers and explores ways that magic can be applied in the twenty-first century to help us become more self-aware and empowered in our everyday lives. Everyday Magic is part of The Paranormal, a series that resurrects rare titles, classic publications, and out-of-print texts, as well as publishes new supernatural and otherworldly ebooks for the digital age. The series includes a range of paranormal subjects from angels, fairies, and UFOs to near-death experiences, vampires, ghosts, and witchcraft. Praise for Vivianne Crowley's *Wicca: A Comprehensive Guide to the Old Religion in the Modern World* "This book is an excellent introduction to the modern practices and beliefs of the revived Craft and can be thoroughly recommended." —Prediction "At last, a really thorough and authoritative exposition of present day coven witchcraft." —Quest

**Wicca** - Ethan Doyle White 2015-10-01

The past century has born witness to a growing interest in the belief systems of ancient Europe, with an array of contemporary Pagan groups claiming to revive these old ways for the needs of the modern world. By far the largest and best known of these Paganisms has been Wicca, a new religious movement that can now count hundreds of thousands of adherents worldwide. Emerging from the occult milieu of mid twentieth-century Britain, Wicca was first presented as the survival of an ancient pre-Christian Witch-Cult, whose participants assembled in covens to venerate their Horned God and Mother Goddess, to celebrate seasonal festivities, and to cast spells by the light of the full moon. Spreading to North America, where it diversified under the impact of environmentalism, feminism, and the 1960s counter-culture, Wicca came to be presented as a Goddess-centred nature religion, in which form it was popularised by a number of best-selling authors and fictional television shows. Today, Wicca is a maturing religious movement replete

with its own distinct world-view, unique culture, and internal divisions. This book represents the first published academic introduction to be exclusively devoted to this fascinating faith, exploring how this Witches' Craft developed, what its participants believe and practice, and what the Wiccan community actually looks like. In doing so it sweeps away widely-held misconceptions and offers a comprehensive overview of this religion in all of its varied forms. Drawing upon the work of historians, anthropologists, sociologists, and scholars of religious studies, as well as the writings of Wiccans themselves, it provides an original synthesis that will be invaluable for anyone seeking to learn about the blossoming religion of modern Pagan Witchcraft.

[Theorizing Faith](#) - Arweck 2002-05-31

All but the final paper in this collection of nine essays was read at a June 1999 conference of the same title as the book, held at the U. of Birmingham, UK. The conference was organized by the Worship in Birmingham Project, bringing together established scholars and research students to discuss the

[The Living Temple of Witchcraft Volume Two](#) - Christopher Penczak 2009-05-01

In the sixth installment of the award-winning Temple of Witchcraft series, popular author Christopher Penczak explores the quest of the God. In this volume, the twelve signs of the zodiac represent the God's symbolic journey through the sky. Each archetypal astrological force offers readers unique insight into the mysteries and the role of a high priest or high priestess. This manual of practical exercise, witchcraft theology, and ministerial advice also explores witchcraft and the modern world, discussing how contemporary issues can be approached from the perspective of witchcraft spirituality. A magickal education through the zodiac signs Learning tools for pagan ministers Earth stewardship and working with ley lines Ancestor work Trance work through dance and plant substances Mediumship within witchcraft Communing with your own personal twelvefold pantheon The lessons in this advanced magickal book culminate in a powerful self-initiation ritual that combines the lessons of the Goddess's descent and the God's journey, to bring

awareness, understanding, and personal power.

**Jungian Spirituality** - Vivianne Crowley 2012-08-31

Carl Jung is one of the most influential figures of the 20th century and his ideas have become vital to our understanding of the psyche. This introductory guide explains his concepts including: Jung on Buddhism, Yoga, Tantra and Christianity Jung's journey beyond psychoanalysis to a spiritual The Paranormal, the new ebook series from F&W Media International Ltd, resurrecting rare titles, classic publications and out-of-print texts, as well as new ebook titles on the supernatural - other-worldly books for the digital age. The series includes a range of paranormal subjects from angels, fairies and UFOs to near-death experiences, vampires, ghosts and witchcraft. psychology alchemy, synchronicity, myth, and the collective unconscious.

**Pagan Mysticism** - Michael York 2018-12-10

As a non-dogmatic religion, paganism is a spirituality that is variously interpreted in terms of nature worship, this-worldliness, the valuing of the physical, and multiple understandings of the sacred. Like most religions, pagan spirituality also entertains the experience of mystical ecstasy as an intense state of psycho-spiritual consciousness that radically diverges from ordinary waking awareness. This volume addresses two fundamental questions, namely: "how do the world's religions understand the mystical and its pursuit?", and "how and why does paganism offer something different?" Proverbially, the mystical quest is an ultimate human endeavour. The re-emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation.

**The Re-Enchantment of the West** - Christopher Partridge 2005-03-04

As a book about emergent spirituality in the contemporary West, it focuses on the nature, evolution and significance of new forms of religion and alternative spiritualities. Part One of the book provides the theoretical background and guides the reader through some of the principal debates. After an overview of the secularization thesis, which argues that the West is becoming increasingly disenchanting, the second chapter turns to the sociological analysis of new religions and alternative

spiritualities. Particular attention is given to the ideas of the sociologist of religion Ernst Troeltsch, especially his enigmatic analysis of the emergence of mystical religion, which presciently provides helpful insights into understanding the contemporary alternative religious milieu.

Against sociologists such as Bryan Wilson and Steve Bruce, this and the subsequent chapter argues that, rather than being insignificant, new forms of spirituality are actually proving to be a significant part of Western re-enchantment. Chapter 3 constructs a general theory of the re-enchantment of the West. 'Chris Partridge argues that Western Society is permeated by a broad "occulture" by which he means a reservoir of ideas, beliefs, theories and practices to which new religions, unorthodox spiritualities, film and popular music all draw attention. This re-enchantment of the West should not be seen as a superficial secondary development in the shadow of Christianity. In many ways it is a religious phenomenon in its own right. Partridge's arguments in this regard are well put and I warmly welcome this timely book.' Mikhael Rothstein, University of Copenhagen, Denmark.

**Introduction to Pagan Studies** - Barbara Jane Davy 2007

Pagan Studies is maturing and moving beyond the context of new religious movements to situate itself in within of the study of world religions. Introduction to Pagan Studies is the first and only text designed to introduce the study of contemporary Paganism as a world religion. It examines the intellectual, religious, and social spheres of Paganism through common categories in the study of religion, which includes beliefs, practices, theology, ritual, history, and role of texts and scriptures. The text is accessible to readers of all backgrounds and religions and assumes no prior knowledge of Paganism. This text will also serve as a general introduction to Pagan Studies for non-specialist scholars of religion, as well as be of interest to scholars in the related disciplines of Anthropology, Sociology and Cultural Studies, and to students taking courses in Religious Studies, Pagan Studies, Nature Religion, New Religious Movements, and Religion in America. The book will also be useful to non-academic practitioners of Paganism interested in current scholarship.

**The Lancashire witches** - Robert Poole 2013-07-19

This book is the first major study of England's biggest and best-known witch trial which took place in 1612, when ten witches were arraigned and hung in the village of Pendle in Lancashire. The book has equal appeal across the disciplines of both History and English Literature/Renaissance Studies, with essays by the leading experts in both fields. Includes helpful summaries to explain the key points of each essay. Brings the subject up-to-date with a study of modern Wicca and paganism, including present-day Lancashire witches. Quite simply, this is the most comprehensive study of any English witch trial.

The Devil's Children - Professor Jean La Fontaine 2013-06-28

A number of cases of serious child abuse have resulted from beliefs that children may be possessed by evil spirits and may then be given the power to bewitch others. Misfortune, failure, illness and even death may be blamed on them. The 'cure', nowadays called deliverance rather than exorcism, is to expel the spirits, sometimes by violent means. This book draws together contributions on aspects of possession and witchcraft from leading academics and expert practitioners in the field. It has been put together following conferences held by Inform, a charity that provides accurate information on new religions as a public service. There is no comparable information publicly available; this book is the first of

its kind. Eileen Barker, founder of Inform, introduces the subject and Inform's Deputy Director goes on to detail the requests the charity has answered in recent years on the subject of children, possession and witchcraft. This book offers an invaluable resource for readers, whether academic or practitioner – particularly those in the fields of the safeguarding of children, and their education, health and general welfare.

**Stealing Fire from Heaven** - Nevill Drury 2011

Despite the dramatic expansion of modern technology, which defines and dominates many aspects of contemporary life and thought, the Western magical traditions are currently undergoing an international resurgence. In this overview of the modern occult revival, Drury traces the rise of various forms of magical belief and practice.

**Witches and Wiccans** - Rosemary Ellen Guiley 2009

Discusses what people have believed about witches in different time periods, witchcraft practices from different cultures around the world, and how societies have perceived those called witches.

**The Paganism Reader** - Chas Clifton 2004

The Paganism Reader provides a definitive collection of key sources in Paganism, ranging from its ancient origins to its twentieth century reconstruction and revival.
