Schools of Thought - Rexford Brown 1993-08-10

As a result of his visits to classrooms across the nation, Brown has compiled an engaging, thought-provoking collection of classroom vignettes which show the ways in which national, state, and local school politics translate into changed classroom practices. "Captures the breadth, depth, and urgency of education reform".--Bill Clinton.

Promoting Cardiovascular Health in the Developing World - Institute of Medicine 2010-07-29

Cardiovascular disease (CVD), once thought to be confined primarily to industrialized nations, has emerged as a major health threat in developing countries. Cardiovascular disease now accounts for nearly 30 percent of deaths in low and middle income countries each year, and is accompanied by significant economic repercussions. Yet most governments, global health institutions, and development agencies have largely overlooked CVD as they have invested in health in developing countries. Recognizing the gap between the compelling evidence of the global CVD burden and the investment needed to prevent and control CVD, the National Heart, Lung, and Blood Institute (NHLBI) turned to the IOM for advice on how to catalyze change. In this report, the IOM recommends that the NHLBI, development agencies, nongovernmental organizations, and governments work toward two essential goals: creating environments that promote heart healthy lifestyle choices and help reduce the risk of chronic diseases, and building public health infrastructure and health systems with the capacity to implement programs that will effectively detect and reduce risk and manage CVD. To meet these goals, the IOM recommends several steps, including improving cooperation and collaboration; implementing effective and feasible strategies; and informing efforts through research and health surveillance. Without better efforts to promote cardiovascular health, global health as a whole will be undermined.

Violent Borders - Reece Jones 2016-10-11

A major new exploration of the refugee crisis, focusing on how borders are formed and policed Forty thousand people have died trying to cross

between countries in the past decade, and yet international borders only continue to harden. The United Kingdom has voted to leave the European Union; the United States elected a president who campaigned on building a wall; while elsewhere, the popularity of right-wing antimigrant nationalist political parties is surging. Reece Jones argues that the West has helped bring about the deaths of countless migrants, as states attempt to contain populations and limit access to resources and opportunities. "We may live in an era of globalization," he writes, "but much of the world is increasingly focused on limiting the free movement of people." In *Violent Borders*, Jones crosses the migrant trails of the world, documenting the billions of dollars spent on border security projects and the dire consequences for countless millions. While the poor are restricted by the lottery of birth to slum dwellings in the ailing decolonized world, the wealthy travel without constraint, exploiting pools of cheap labor and lax environmental regulations. With the growth of borders and resource enclosures, the deaths of migrants in search of a better life are intimately connected to climate change, environmental degradation, and the growth of global wealth inequality. Newly updated with a discussion of Brexit and the Trump administration.

The Handbook of Communication Skills - Owen Hargie 2018-07-16

The Handbook of Communication Skills is recognised as one of the core texts in the field of communication, offering a state-of-the-art overview of this rapidly evolving field of study. This comprehensively revised and updated fourth edition arrives at a time when the realm of interpersonal communication has attracted immense attention. Recent research showing the potency of communication skills for success in many walks of life has stimulated considerable interest in this area, both from academic researchers, and from practitioners whose day-to-day work is so dependent on effective social skills. Covering topics such as non-verbal behaviour, listening, negotiation and persuasion, the book situates communication in a range of different contexts, from interacting in groups to the counselling interview. Based on the core tenet that interpersonal communication can be conceptualised as a form of skilled activity, and including new chapters on cognitive behavioural therapy and coaching and mentoring, this new edition also places communication in context with advances in digital technology. The Handbook of Communication Skills represents the most significant single contribution to the literature in this domain. Providing a rich mine of information for the neophyte and practising professional, it is perfect for use in a variety of contexts, from theoretical mainstream communication modules on degree programmes to vocational courses in health, business and education. With contributions from an internationally renowned range of scholars, this is the definitive text for students, researchers and professionals alike.

Jase - M. J. Fields 2021-04-27

Carly Dicen que nunca debes juzgar a un libro por su portada, pero, como ávida lectora de 'ese tipo de libros'? y como miembro del club de lectura de mi mamá, es difícil no hacerlo. A lo que me refiero es, ¿quién puede culparme por desear a un encantador chico malo, con tatuajes y piercings, ojos color chocolate y toda esa sexy melena? La manera en que me mira hace que me moje tanto como la costa de Jersey. Simplemente es deseo a primera vista. Solo hay algo que me detiene de arrojar mi precaución por los vientos y permitirle devorarme de la misma forma en que hacen los héroes con las mujeres en los libros que leo. Soy virgen. Vale, hay dos cosas que me detienen: también es el mejor amigo de mi primo. Jase He visto esa mirada cientos de veces. Me lo está pidiendo a gritos. Quizás no con palabras, pero sí con la forma en que me mira. Quiero devorarme entera a la rubiecita sexy de hermosos ojos azules, tetas perfectas y culo respingon. Ella también quiere que lo haga. El único problema es que es la prima de mi mejor amigo y él sabe que yo no soy ningún príncipe Encantador que cabalgará sobre un caballo blanco para rescatar a la doncella. He trabajado duro para mantener la reputación de ser alguien sin ataduras, un chico más al

estilo príncipe Albert. Pero ella está haciendo que todo sea más? difícil.

Living by my father's rules has never been easy. Who does he think he is anyway? Jase Steel has broken every rule he tries to make me live by. The Four Ds: No Dating (Thanks to Carly and Momma Joe, that was nixed at sixteen.) No Drinking (Shots of Jack at prom.) No Drugs (College frat party and a bear-shaped bong named Smokey.) The last one though, that last D, ruined my virgin skin, my relationship with my father, and changed my whole life. No Decorating I should have listened to him ? but I didn't. Tag - I'm it.

The Great Influenza - John M. Barry 2005-10-04

#1 New York Times bestseller "Barry will teach you almost everything you need to know about one of the deadliest outbreaks in human history."—Bill Gates "Monumental... an authoritative and disturbing morality tale."—Chicago Tribune The strongest weapon against pandemic is the truth. Read why in the definitive account of the 1918 Flu Epidemic. Magisterial in its breadth of perspective and depth of research, *The Great Influenza* provides us with a precise and sobering model as we confront the epidemics looming on our own horizon. As Barry concludes, "The final lesson of 1918, a simple one yet one most difficult to execute, is that...those in authority must retain the public's trust. The way to do that is to distort nothing, to put the best face on nothing, to try to manipulate no one. Lincoln said that first, and best. A leader must make whatever horror exists concrete. Only then will people be able to break it apart." At the height of World War I, history's most lethal influenza virus erupted in an army camp in Kansas, moved east with American troops, then exploded, killing as many as 100 million people worldwide. It killed more people in twenty-four months than AIDS killed in twenty-four years, more in a year than the Black Death killed in a century. But this was not the Middle Ages, and 1918 marked the first collision of science and epidemic disease.

Intermolecular and Surface Forces - Jacob N. Israelachvili 2015-05-29

This reference describes the role of various intermolecular and interparticle forces in determining the properties of simple systems such as gases, liquids and solids, with a special focus on more complex colloidal, polymeric and biological systems. The book provides a thorough foundation in theories and concepts of intermolecular forces, allowing researchers and students to recognize which forces are important in any particular system, as well as how to control these forces. This third edition is expanded into three sections and contains five new chapters over the previous edition. · starts from the basics and builds up to more complex systems · covers all aspects of intermolecular and interparticle forces both at the fundamental and applied levels · multidisciplinary approach: bringing together and unifying phenomena from different fields · This new edition has an expanded Part III and new chapters on non-equilibrium (dynamic) interactions, and tribology (friction forces)

The Idea of a University Defined and Illustrated - John Henry Newman 1891

Mutants and Mystics - Jeffrey J. Kripal 2011-11-15

"Account of how comic book heroes have helped their creators and fans alike explore and express a wealth of paranormal experiences ignored by mainstream science. Delving deeply into the work of major figures in the field--from Jack Kirby's cosmic superhero sagas and Philip K. Dick's futuristic head-trips to Alan Moore's sex magic and Whitley Strieber's communion with visitors--Kripal shows how creators turned to science fiction to convey the reality of the inexplicable and the paranormal they experienced in their lives. Expanded consciousness found its language in the metaphors of sci-fi--incredible powers, unprecedented mutations, time-loops and vast intergalactic intelligences--and the deeper influences of mythology and religion that these in turn drew from; the wildly creative work that followed caught the imaginations of millions. Moving deftly from Cold War science and Fredric Wertham's anticomics crusade to gnostic revelation and alien abduction, Kripal spins out a hidden history of American culture, rich with mythical themes and shot through with an awareness that there are other realities far beyond our everyday understanding."--Jacket.

Pulled - A.L. Jackson 2015-06-22

Melanie Winters and Daniel Montgomery shared a love most only dream of, a love they believed bonded them together for life. When their world is shattered by the tragic loss of their daughter, overwhelming grief and misguided guilt distorts the truth, and their relationship ends in uncertainty and unanswered questions. For nine years, they drift through life, each unable to forget the one who holds the strings to their heart. In an attempt to escape the pain of her past, Melanie finds herself trapped in a loveless marriage, while Daniel loses himself in a career that means nothing without Melanie by his side. Now, when their lives again intersect, neither can deny the connection they felt so long ago. But will the power that drew them together be enough to heal the wounds from their past, and will they have the courage to overcome the insecurities and fears that threaten to keep them apart? *Pulled* is a story of attraction and separation, of destiny and duty, of a love so strong it refuses to give up even when all others have. "Okay, this one did it for me in a big way. I'm an angst-lover. And by that I mean, I'm a Thoughtless, Beautiful Disaster, Love Unscripted, Slammed, Fifty Shades of Everything, kind of reader. But there's gotta be an HEA. And not a half-done HEA but a real yeah-this-story-has-been-agonizing-but-look-it-was-all-worth-it HEA. So, that said, I earnestly recommend this book. If you're like me, you'll like this. Enjoy!" LitJunkie

Darkest Temptation - Rachel Van Dyken 2017-11

I'm a werewolf King who chose to step down out of grief for my mate. For centuries I've been alone, choosing to live a life of modesty despite the wealth surrounding me. I deserve to be punished. I crave things I have no business craving. And it is manifesting itself in a way I'm terrified I won't be able to control any longer. Especially since she arrived. Vampire. Orphan. Beaten beyond recognition. My blood calls to her in a way that makes no sense. I'm a wolf. She's a vampire. The two don't mate. They barely tolerate one another. All it takes is one slip of control on my part -- one taste. And I doom us all. Then again, I never knew what is lurking inside has the power to balance good and evil.

A Rancher's Song - Vivian Arend 2018-05-15

With a Critical Eye - Arthur J. Vidich 2009

Internationally renowned sociologist Arthur J. Vidich (1922-2006) was an active researcher and teacher whose career spanned the second half of the twentieth century. *With a Critical Eye: An Intellectual and His Times* recounts Vidich's career in the wider cultural context of his life and work. Providing a window into post-World War II intellectual life, the richness of the autobiography lies not only in Vidich's perspectives on the academic world but also in his personal and sociological observations about the world around him. Best known for his book *Small Town in*

Mass Society (co-authored with Joseph Berman, 1958), Vidich taught for more than forty years at the New School for Social Research in New York. He published eighteen books, co-edited a book series with Robert Jackall, and was the founding editor of the *International Journal of Politics, Culture, and Society*. Vidich "provides a valuable lens ... on a profoundly important time in the formation of the modern social sciences, when the changes in the U.S. were having formative impacts on academe in other parts of the world," writes Robert J. Antonio, professor of sociology at the University of Kansas. "The autobiography is lucidly and unpretentiously written." Book jacket.

Genre in a Changing World - Charles Bazerman 2009-09-16

Genre studies and genre approaches to literacy instruction continue to develop in many regions and from a widening variety of approaches. Genre has provided a key to understanding the varying literacy cultures of regions, disciplines, professions, and educational settings. *GENRE IN A CHANGING WORLD* provides a wide-ranging sampler of the remarkable variety of current work. The twenty-four chapters in this volume, reflecting the work of scholars in Europe, Australasia, and North and South America, were selected from the over 400 presentations at SIGET IV (the Fourth International Symposium on Genre Studies) held on the campus of UNISUL in Tubarão, Santa Catarina, Brazil in August 2007—the largest gathering on genre to that date. The chapters also represent a wide variety of approaches, including rhetoric, Systemic Functional Linguistics, media and critical cultural studies, sociology, phenomenology, enunciation theory, the Geneva school of educational sequences, cognitive psychology, relevance theory, sociocultural psychology, activity theory, Gestalt psychology, and schema theory. Sections are devoted to theoretical issues, studies of genres in the professions, studies of genre and media, teaching and learning genre, and writing across the curriculum. The broad selection of material in this volume displays the full range of contemporary genre studies and sets the ground for a next generation of work.

He should have thrown her out. But when club owner Alexander Lavoie catches a mysterious blonde counting cards at his vingt-et-un table, he's more intrigued than angry. He has to see more of this beauty-in his club, in his office, in his bed. But first he'll have to devise a proposition she can't turn down. Gossip said he was an assassin. Common sense told her to stay away. But Angélique Archer was desperate, and Lavoie's club offered a surefire way to make quick money—until she got caught. Instead of throwing her out though, the devil offers her a deal: come work for him. Refusing him means facing starvation, but with a man so sinfully handsome and fiercely protective, keeping things professional might prove impossible . . . 2018 RITA award-winning author! "Wonderful! A charming, clever, and engaging storyteller not to be missed." -- Sarah MacLean, New York Times bestselling author

12 Rules for Life - Jordan B. Peterson 2018-01-23

#1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while

transforming and ennobling the mind and spirit of its readers.

Jase - M. J. Fields 2018-03-18

I don't play by the rules. I'm wild. Pierced. Tatted from head to toe. People say I'm a bad boy, but what's so bad about wanting to have a good time? Straight up, I don't really care what you, or anyone else thinks about it. There's this blonde chick who has had my eye for awhile. Her name is Carly. She's HOT, but innocent. I'm going for it. Xavier - M. J. Fields 2014-04-29

Twenty three year old Xavier is out to prove his independence to his brothers and Momma Joe. Needing a change Xavier Steel decided to plant his feet in the Jersey sand and start a production company allowing him the ability to re acquaint himself with his true passion in life and make a living doing what he loved, playing and creating music. Taelyn Patrick is offered an opportunity to make much needed extra money. The hours would be grueling, but she doesn't care. She needs the money to help her fiance' Daniel. Daniel and Taelyn had lived together and went to the same college when he was accepted into the medical program at Harvard. Together they made the decision to live separately until Taelyn finished her internship and graduated from college. They had looked at several apartments near Harvard together and fell in love with one. Supporting two households would be a huge financial burden but they knew the apartment would be gone if they waited until she graduated; when they would reunited and again live together. Taelyn was offered an opportunity she could not afford to turn down. She wasn't looking forward to helping a spoiled kid start a production company that she was sure would fail. She was less enthusiastic when his mother, her boss, asked that she be available at all times. Josephina explained that she was worried about woman taking advantage of her son financially and damage his kind heart. Can Xavier curb his sexual appetite and become a responsible young man? Or will he find himself in bed with women who will do whatever they have to for there own financial gain?"
