If I Had Your Face - Frances Cha 2020-04-21

A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania "Powerful and provocative . . . a novel about female strength, spirit, resilience—and the solace that friendship can sometimes provide."—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle Kyuri is an achingly beautiful woman with a hard-won job at a Seoul "room salon," an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri's roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country's biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the

extreme plastic surgery that she hopes will change her life. And Wanna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea's brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.

Why The Face? - 2018-08-13

A hilarious guessing game of facial reactions created by the author of bestselling *This Is Not A Book* Jean Jullien tickles the funnybone once again with a book of facial overreactions. Faces are presented first, allowing the reader to wager predictions of what may have prompted such an expression, before the dramatic answer is revealed. *Why the face?* reads the text alongside an agitated boy with eyes and nose scrunched up. Pick up the full-page flap to reveal a whole mess of smelly items, from stinky socks to an oozing trash can, and the text, Whoa, that stinks. Jullien masterfully provides enough clues for the reader to piece together the narrative, including both predictable and surprising scenarios. Based on young children's natural fascination with faces, this book encourages readers to practice empathy and build emotional intelligence, with cleverly simplified and humorously satisfying vignettes. A brilliant addition to Phaidon's growing Jean Jullien board book library. Ages 2-4

Make stronger connections with anyone in the world by learning how to read faces The Power of Face Reading is the most comprehensive, easy-to-use book on face reading available today. Author Mac Fulfer makes face reading fun and easy for you to understand more about the people you encounter—no matter who you meet or where you are in the world. Face reading is our foundational international language, and none of our seeming "differences" matter—whether nationality, gender, race, or culture—because every person's face can be read in the exact same way. For instance, the lines on our faces don't reflect aging. They're actually a roadmap showing where we have been and what we've done. The Art and Science of Face Reading -

Jennifer Lamonica 2019-08-13

A complete, illustrated guide to the ancient tradition of reading the face to gain insight into health, personality, relationships, and career • Details how to read the profile, front face, features, and musculature of the face to reveal temperament, personality traits, health predispositions, and mental state • Explores the history and development of face morphology from its origins in Israel and Egypt more than 4,500 years ago to its modern use in French medical schools • Examines the Foursquare diagram, developed by French occultist Papus, for highly accurate and detailed facial readings The face is a unique reflection of our genetic, inherited inclinations as well as the effects that life, nature, and relationships have had upon us. By looking at a person's face, you can gain valuable insight into their personality, health, and how they navigate in the world. In this illustrated guide, Jennifer Lamonica reveals the sacred tradition of face morphology, an esoteric system that has been passed quietly from rabbi to student as an unbroken oral tradition for more than 4,500 years. She explores the history and development of this ancient art from its origins in Israel and Egypt to its use as the major diagnostic system in Europe until the Enlightenment and its current applications in French medical schools. Sharing the techniques of master face readers, the author details how to read the angles of the profile, as well as palm color and nose shape, to determine a person's temperament, providing health and career insight into each of the four temperaments, including nutritional needs, digestive issues, sleep patterns, health predispositions, and ideal

occupational paths. Exploring the Foursquare diagram, developed by French occultist Papus, for highly accurate and detailed facial readings, she explains how to read the front face in combination with planetary shapes, which reveal a person's character; the major facial features, such as eyebrows, which reveal personal inclinations; and the musculature of the face, including expressions, which reveals a person's current mental state. Providing case studies, she examines how to apply face morphology in relationships and in parenting. Exploring the meaning of each facial variation, while also honoring the intuitive impression received at first glance, Lamonica reveals how the ancient science of face reading allows you to compassionately help your loved ones, students, or clients, as well as overcome personal obstacles and better know yourself.

For Neverfell's emotions are as obvious on her face as those of the most skilled Facesmiths, though entirely genuine. And that makes her very dangerous indeed . . . In Your Face David Perrett 2017-09-16

In our daily lives, in our memories and fantasies, our mental worlds overflow with faces. But what do we really know about this most remarkable feature of the human body? Why do we have faces at all, and brains that are good at reading them? What do our looks say - and not say - about our personalities? And perhaps the most compelling question of all: Why are we attracted to some faces more than others? *In Your Face* is an engaging and authoritative tour of the science of facial beauty and face perception. David Perrett, the pre-eminent scholar in the field, reveals and interprets the most remarkable findings and in the process demolishes many popular myths, setting the record straight on what neuroscience and evolutionary psychology are teaching us about beauty. The record is more surprising and often more unsettling than you might think.

Autobiography of a Face Lucy Grealy

1994-09-27

In this celebrated memoir and exploration of identity, cancer transforms the author's face, childhood, and the rest of her life. At age nine, Lucy Grealy was diagnosed with a potentially terminal cancer. When she returned to school with a third of her jaw removed, she faced the cruel taunts of classmates. It took her twenty years of living with a distorted self-image and more than thirty years of reconstructive procedures before she could come to terms with her appearance. In this lyrical and strikingly candid memoir, Grealy tells her story of great suffering and remarkable strength without sentimentality and with considerable wit. She captures what it is like as a child and a young adult to be torn between two warring impulses: to feel that more than anything else we want to be loved for who we are, while wishing desperately and secretly to be perfect. A New York Times Notable Book "This is a young woman's first book, the story of her own life, and both book and life are unforgettable." —New York Times "Engaging and engrossing, a story of grace as well as cruelty, and a demonstration of [Grealy's] own wit and style and class."—Washington Post Book World

You Don't Look Like Anyone I Know -

Heather Sellers 2010-10-14

An unusual and uncommonly moving family memoir, with a twist that give new meaning to hindsight, insight, and forgiveness. Heather Sellers is face-blind-that is, she has prosopagnosia, a rare neurological condition that prevents her from reliably recognizing people's faces. Growing up, unaware of the reason for her perpetual confusion and anxiety, she took what cues she could from speech, hairstyle, and gait. But she sometimes kissed a stranger, thinking he was her boyfriend, or failed to recognize even her own father and mother. She feared she must be crazy. Yet it was her mother who nailed windows shut and covered them with blankets, made her daughter walk on her knees to spare the carpeting, had her practice secret words to use in the likely event of abduction. Her father went on weeklong "fishing trips" (aka benders), took in drifters, wore panty hose and bras under his regular clothes. Heather clung to a barely coherent story of a "normal" childhood in order to survive the one she had. That fairy tale unraveled two decades later when Heather took the man she would marry home to meet her parents and began to discover the truth about her family and about herself. As she came at last to trust her own perceptions, she learned the gift of perspective: that embracing the past as it is allows us to let it go. And she illuminated a deeper truth-that even in the most flawed circumstances, love may be seen and felt. Watch a Video

"The novel that foreshadowed Donald Trump's authoritarian appeal."—Salon It Can't Happen Here is the only one of Sinclair Lewis's later novels to match the power of *Main Street*, *Babbitt*, and *Arrowsmith*. A cautionary tale about the fragility of democracy, it is an alarming, eerily timeless look at how fascism could take hold in America. Written during the Great Depression, when the country was largely oblivious to Hitler's aggression, it juxtaposes sharp political satire with the chillingly realistic rise of a president who becomes a dictator to save the nation from welfare cheats, sex, crime,

and a liberal press. Called “a message to thinking Americans” by the Springfield Republican when it was published in 1935, *It Can't Happen Here* is a shockingly prescient novel that remains as fresh and contemporary as today's news. Includes an Introduction by Michael Meyer and an Afterword by Gary Scharnhorst

Utterly entertaining, this is how you become Hollywood's best producer.” —Malcolm Gladwell, author of *Talking to Strangers*

Legendary Hollywood producer and author of the bestselling *A Curious Mind*, Brian Grazer is back with a captivating new book about the life-changing ways we can connect with one another. Much of Brian Grazer's success—as a #1 New York Times bestselling author, Academy Award-winning producer, father, and husband—comes from his ability to establish genuine connections with almost anyone. In *Face to Face*, he takes you around the world and behind the scenes of some of his most iconic movies and television shows, like *A Beautiful Mind*, *Empire*, *Arrested Development*, *American Gangster*, and *8 Mile*, to show just how much in-person encounters have revolutionized his life—and how they have the power to change yours. With his flair for intriguing stories, Grazer reveals what he's learned through interactions with people like Bill Gates, Taraji P. Henson, George W. Bush, Barack Obama, Eminem,

Prince, Spike Lee, and the Afghani rapper activist Sonita: that the secret to a bigger life lies in personal connection. In a world where our attention is too often focused downward at our devices, Grazer argues that we are missing an essential piece of the human experience. Only when we are face to face, able to look one another in the eyes, can we form the kinds of connections that expand our world views, deepen our self-awareness, and ultimately lead to our greatest achievements and most meaningful moments. When we lift our eyes to look at the person in front of us, we open the door to infinite possibility.
