Neptune's hopeful message of intuition and knowing, of transcending spiritual forgetfulness and truly

realizing our dreams, becomes clear. Alan demonstrates this with natal charts showing multiple examples of the power of Neptune in human consciousness. **The Message Of Stars** - Max Heindel 2020-12-06

It is a matter of common knowledge among mystics that the evolutionary career of mankind is indissolubly bound up with the divine hierarchies who rule the planets and the signs of the Zodiac, and that the passage of the Sun and the planets through the twelve signs of the

Zodiac marks man's progress in time and in space. Therefore, it is not to be wondered at, that in the course of their investigations into the spiritual development of mankind, the writers have also encountered much that deals with the Zodiac, which is the boundary of our evolutionary sphere at the present time. So much has been perceived in the memory of nature that sheds light upon obscure passages of the Bible, that notes have been made from time to time of different points, but how to collect and collate these dissociated writings into a united whole has been a great problem for a long time. Even now, the writers know and feel that what they are bringing forth is only a very, very weak attempt to set before the students that great body of facts which have come to them through the memory of nature. They feel, however, that this will give a 3 4 THE MESSAGE OF THE STARS new and more profound meaning to the old symbols, and that by passing on what has been found they put themselves in line to receive more light. Concerning the future evolution of planets, The Rosicrucian Cosmo-Conception teaches, on page 256, that "when the beings upon the planet have evolved to a sufficient degree, the planet becomes a Sun, the fixed center of the Solar System. When the beings there have evolved to a still greater degree, and consequently it has reached its maximum of brilliancy, it breaks up into a Zodiac and becomes, so to speak, the womb of a new Solar System. Thus the Great hosts of Divine beings who, until then, were confined upon that Sun gain freedom of action upon a great number of stars whence they can affect, in different ways, the system which grows up within their sphere of influence. The planets or man-bearing worlds within the Zodiac are constantly being worked upon by these forces but in various ways according to the stage they have reached in evolution. Our Sun could not have become a sun until it set out from itself all the beings who were not sufficiently evolved to endure the high rate of vibration and the great luminosity of the beings who were qualified for that evolution. All the beings upon the different planets would have been consumed had they remained in the Sun. This visible Sun, however, though it is a place of evolution for beings vastly above man, is not by any means the Father of the other planets, as

EVOLUTION AS SHOWN IN THE ZODIAC 5 material science supposes. On the contrary, it is itself an emanation from the central Sun, which is the invisible source of all that IS in our solar system."

Your Hidden Powers - Joanne Wickenburg 1992

Both retrograde planets and intercepted signs are included in this well-written, in-depth volume. Joanne defines how they differ and what they indicate in the chart. She also introduces new ideas about retrograde planets and intercepted signs, offering fresh insights for interpretation in these sometimes overlooked areas. Retrograde planets and intercepted signs make the chart unique, and each describes the powers and potentials waiting to be unleashed in your life. In some way you will stand apart from the crowd with an exceptional life that is outside the norm and as unique to you as your birth chart. Not everyone is born with such an outstanding opportunity to realize their individual potential. Included is extensive delineation of intercepted signs in the houses, the six sign polarities, the elements, duplicated signs, phases and planetary pairs. Chapters are also devoted to relocation charts, transits in intercepted signs, the importance of environment vs. destiny and various house systems. In addition to a thorough explanation of how planets retrograde, Joanne gives detailed interpretation of the meaning of retrograde planets in the natal chart and their position in the context of the eight stages of cyclic unfoldment, six of which fall into the retrograde zone. This placement specifically defines how a retrograde planet operates in your life. Also thoroughly explained is the meaning of retrograde planets in their transit cycle, and the significance of a retrograde progressed planet. *Forecasting Your Life Events: An Art of Predictive Astrology* Carol Rushman

The numerological and astrological relevance of quintiles and tredeciles unfolds in four chapters and a wealth of diagrams and charts. Historical details on the meanings of numbers - taken from numerology; sacred geometry; masonic, religious, and Egyptian symbology; and astrology - transport the reader to times when numbers did not simply designate quantities but were an "extreme reduction of philosophic thought" and "concrete definitions of energetic formative principles of nature." Fixed Stars in the Chart - Oscar Hofman

2019-10-10

Internationally renowned teacher Oscar Hofman uses 24 case studies to demonstrate how the rich symbolism and myths behind the fixed stars can add a deeper and more spiritual dimension to astrological chart delineation. Formula 1 driver Nikki Lauda had his notorious accident in which he suffered serious burns to his face, when the fixed star Achernar was activated by progression. This star is connected to the story of Phaeton who, overestimating his powers, tried to steer the solar chariot through the heavens, lost control and came down in flames. In the chart of Nicolai Tesla, unsurpassed genius in electrical design and invention, the Sun is on the fixed star Castor on the IC; Castor is the dying brother of the famous heavenly twins Castor and Pollux. One of the critical events in Tesla's youth was the death of his elder brother who was killed by a horse. The heavenly Twins, represented in the zodiac by the sign Gemini, are known as horse tamers.

**Simplified Scientific Astrology; a Complete Textbook on the Art of Erecting a Horoscope, with Philosophic Encyclopedia and Tables of Planetary Hours** - Max Heindel

2013-09

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1919 edition. Excerpt: ... CHAPTER V. HOW TO CALCULATE THE POSITIONS OF THE PLANETS As the Ephemeris is calculated for Greenwich at the time when the Observatory clock strikes twelve, it is necessary to make corrections for other hours and for places East or West from that point when it is desired to calculate a horoscope. By adding four minutes for each degree of longitude the birthplace is

West of Greenwich to the true local time of birth we obtain the Greenwich Mean Time as recorded by the Observatory clock. This is written G. M. T. We will apply this rule to calculate the G. M. T. of the horoscope for August 2, 8:15 A. M. at Chicago, which is 88 degrees West longitude: H. M. True Local Time of Birth (see page 38) 8 23 A. M. Aug. 2 4 min. times 88 degrees equal 352 min. 5 52 Greenwich Mean Time (G. M. T.)... 2 15 P. M. Aug. 2 Multiplying the degree of West longitude of Chicago (88 degrees) by four minutes gives us 352 minutes, which we divide by 60 because there are 60 minutes in each hour. Thus we obtain 5 hours 52 minutes, which we add to the true local time of birth, 23 minutes after 8 in the morning, and the sum is 15 minutes past 2 o'clock in the afternoon, which is the G. M. T. That is to say, at the identical time when the child was born and the Chicago clocks pointed to 15 minutes after 8 o'clock in the morning, the Observatory clock at Greenwich showed 15 minutes past 2 o'clock in the afternoon. This latter is the time we must use to make our calculations of the planets' places, and in order to have as few factors in mind as possible the beginner is advised to forget the local time of birth when once he has found the G. M. T. In Western longitudes the G. M. T. may advance into the day following birth on account of the addition of 4 minutes for each...

### **Intercepted Signs: Encoded Messages from the Soul** - Michael De Baker 2019-05-27

Intercepted Signs: Encoded Messages from the Soul looks at the astrological phenomenon of intercepted signs through the lens of Evolutionary Astrology and uses seven full chart analyses to show the reader how both the intercepted and the repeated signs are uniquely linked to the soul's evolutionary purposes. This book, written by therapeutic evolutionary astrologer and regression therapist Michael De Baker, will be of great benefit to the budding and the seasoned evolutionary astrologer alike. The first will progress leaps and bounds through the clear and concise methodology used, whereas the latter will discover whole new levels of depth and meaning. Both are handed a step-by-step approach which, when followed, will allow them to decode the soul message written into the intercepted and repeated signs. But this book does more. It presents the reader with a unique glimpse into the very genesis of intercepted signs by looking at the charts of Anne Frank and Barbro Karlén. In chapter nine a comparative study of the charts of these two consecutive lives created by the same soul reveals how Anne Frank's thwarted north node of the Moon in the 11th house Taurus becomes Barbro Karlén's Taurus interception in the same house, with Scorpio intercepted in the 5th house. Through this chart comparison we get verifiable astrological proof of the book's thesis: the intercepted signs provide us with information about areas where growth was insufficient or halted in previous lives. The soul has specific reasons for duplicating a sign and having it on the cusp of two subsequent houses and for creating the interception itself. These reasons are intimately connected to the soul's evolutionary purposes.

### **The Age of Surveillance Capitalism** -

Shoshana Zuboff 2019-01-15

The challenges to humanity posed by the digital

future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the twenty-first century just as industrial capitalism disfigured the natural world in the twentieth. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector. Vast wealth and power are accumulated in ominous new "behavioral futures markets," where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means of behavioral modification." The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to twenty-first century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit -- at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future -- if we let it.

### **Encyclopaedia of Psychological Astrology** -

Charles E. O. Carter 2005-03

Subtitled, An Encyclopaedia of Character & Disease, Carter's classic book was the result of study of hundreds of horoscopes. Carter discovered that specific degrees of the zodiac produced specific results, including things like abscesses, goiter, poor vision, medical or musical ability, spinal curvature, asthma & much more. He also found astrological guidelines for traits such as boredom, love of animals, hay fever, rambling speech, epilepsy & many more. Sometimes known as Carter's Little Green Book. Always surprising, sometimes witty, this is one

of the great books of the 20th century. Charles E.O. Carter (1887 - 1968) was one of the outstanding British astrologers of the 20th century. He succeeded Alan Leo as head of Astrological Lodge at the Theosophical Society, a post he held from 1920 to 1952. He was editor of Astrology, The Astrologer's Quarterly, from 1926 to 1959. Carter's persistent genius reestablished astrology as a serious discipline in England, after two centuries of decline.

*Insi de Degrees* Ellias Lonsdale 1997-07-08

In much the same way in which he characterized planets and asteroids as powerful, gendered beings in *Inside Planets*, Ellias Lonsdale gives new depth and nuance to degree analysis, an area often seen as technical or reduced to cliché. The degree symbols are most useful in elaborating a personal birth chart. One can learn about personal cycles from studying the place of a transiting or progressed planet by degree at a given time, revealing collective as well as personal timings. The Zodiac degrees also act as an oracle. One can open the collection anywhere for a given day, or in response to a question. The degrees will reveal what is happening now and, if we are attentive and responsive to the cues, what is required of us. By comparing charts of friends and famous people who are known for certain qualities, one can gradually discriminate among the degrees. These beautifully written and fully imagined readings of the Chandra degree symbols speak to a deep level of personal change and authenticity.

Kathleen Burt addresses specifically how the Aries - Virgo rising sign patterns guide us into new life and fresh experiences. With the keen eye of an astrologer examining the biography of creative writers and inspired people, Kathleen Burt brings a depth of understanding to the *Rising Sign: Aries - Virgo*. **Intercepted Planets** - Alice Miller 2010-11

Historically, we are at the end of the Piscean Age, standing on the brink of the Age of Aquarius. People with intercepted planets have a key role in this transition, in the development of consciousness, because they were born outside the general consciousness. Their lives are as different as their charts. They are the Possibility People. They have reincarnated to assist the World with the transition to the Age of Aquarius. Like every Possibility Person, "My journey is far more significant than the physical events of my life," writes Alice. "It really began when I was taking algebra. I remember thinking that somewhere there should be something like an algebraic equation that could be applied to all of life." Nearing my Uranus Opposition, I was looking for answers for my own odd-looking life when astrology entered it. Immediately, I was confronted with my own interception. Not finding answers in existing texts, I was haunted by questions - questions that led me within. Gradually, answers came and my practice provided a wonderful testing ground for them. This book is a result. In this second *Interception* book, Alice Miller explains the core issues and the nuances of intercepted planets - psychologically, in everyday and family life, and as a means to expand consciousness. Her goal is that of healing, overcoming, teaching, and sharing the wisdom that comes with rising consciousness. In this book you will find in-depth chapters on each planet, the Nodes and Fortuna

when caught in an intercepted sign. It explains the differences that interception makes to each, as well as how that difference affects the signs and houses it rules including problems in early years and the gifts they finally bring.

No Marketing Blurbs

**A Question Of Trust** - David Anderson

*Design for Ecological Democracy* Randolph T. Hester, Jr. 2010-09-24

Shows how to combine the forces of ecological science and participatory democracy to design urban landscapes that enable us to act as communities, are resilient rather than imperiled, and touch our hearts. Over the last fifty years, the process of community building has been lost in the process of city building. City and suburban design divides us from others in our communities, destroys natural habitats, and fails to provide a joyful context for our lives. In *Design for Ecological Democracy*, Randolph Hester proposes a remedy for our urban anomie. He outlines new principles for urban design that will allow us to forge connections with our fellow citizens and our natural environment. He demonstrates these principles with abundantly illustrated examples—drawn from forty years of design and planning practice—showing how we can design cities that are ecologically resilient, that enhance community, and that give us pleasure. Hester argues that it is only by combining the powerful forces of ecology and democracy that the needed revolution in design will take place. Democracy bestows freedom; ecology creates responsible freedom by explaining our interconnectedness with all creatures. Hester's new design principles are founded on three fundamental issues that integrate democracy and ecology: enabling form, resilient form, and impelling form. Urban design must enable us to be communities rather than zoning-segregated enclaves and to function as informed democracies. A simple bench at a

centrally located post office, for example, provides an opportunity for connection and shared experience. Cities must be ecologically resilient rather than ecologically imperiled, adaptable to the surrounding ecology rather than dependent on technological fixes. Resilient form turns increased urban density, for example, into an advantage. And cities should impel us by joy rather than compel us by fear; good cities enrich us rather than limit us. Design for Ecological Democracy is essential reading for designers, planners, environmentalists, community activists, and anyone else who wants to improve a local community.

*Shamani c Astrology* Lucy Harmer 2009-10-20  
Western-based astrology has a provocative counterpart in the Native American medicine wheel, with a spirit animal equivalent for each sign of the zodiac. In this thoughtful book, Lucy Harmer shows readers how to find the spirit animal that corresponds to their birth sign. She provides detailed descriptions of the strengths and weaknesses of each of the twelve spirit animals—for example, falcon is enthusiastic and adventurous but can be impulsive and impatient, while deer is sociable and eloquent but can be lazy and superficial. Once readers determine their spirit animal, they can better understand their relationships with family, friends, and associates. Readers can also discover those people who are part of their animal clan and the various compatibilities and incompatibilities between all the spirit animals. They will be able to uncover the hidden treasures of their personalities and their secret talents, as well as the color, plant, and totem stone corresponding to each spirit animal. For readers who want to take shamanic astrology to the next level, the book includes the first complete lunar calendar for the Northern and Southern Hemispheres to help them determine their spirit animal rising sign and discover how the moon influences their daily life.

*Pushing to the Front* - Orison Swett Marden 1911

**Understanding Interceptions** - Chris McRae 2000-07-01

The principles contained in this book will greatly enlarge your understanding of chart dynamics. There is more to the interpretation of

interceptions that often realized and more of the chart is affected than often considered. The book will undoubtedly change the way you consider interceptions. The approach taken in this book is from a constructive, positive viewpoint.

Interceptions create intensification due to internalization, which is useful in providing inner preparation and focus. If we understand our life's mission, we can utilize our resources more successfully and celebrate our individuality, rather than feeling unfortunate. Everything contained within our chart is designed for a useful purpose. If we try to understand who we are and grow into what we can do, it is less stressful than striving to become someone we are not. The stories in this book of actual case histories will warm your heart and provide insight into this important chart dynamic. Dozens of chart examples of students, clients, entertainers and other public figures are used to support the concepts presented in this book.

Interceptions - Alice Miller 2000

We are at the end of the Piscean Age, standing on the brink of the Age of Aquarius. Today, many advanced beings have reincarnated to assist with the transition. Exceptions to the general consciousness, their birth charts are also exceptional. Instead of having a different sign on each of the twelve houses, many have pairs of signs enclosed within houses, while other pairs fall on two successive cusps. These interceptions are markers for those individuals once called Starseed or Starborn. Seeming to have stepped back in time, they are designed to be living examples of greater possibilities within the human species. In spiritual terms, they are Older Children of the Creator of this Universe. Their differences create problems early in life which continue until they realize that they truly are different from the general population, and that their differences are assets, not deficiencies. This requires a transformation process. Entering the second phase of life, each discovers who she or he is and why she or he came. Finally, that feeling of coming to do something special

humanity is validated! In clear, everyday language, she describes the six basic types of interceptions as defined by the six sign polarities. Included are both a psychological meaning and a spiritual meaning for each, as well as the influence of house positions and the meaning of the doubled house cusps.

**Legacy from the Stars** - Dolores Cannon 1996-01

We are children of the stars. This is our legacy and our heritage. In the history of the cosmos, Earth is a young planet. Our souls, on the other hand, have been around forever and will continue to be around forever. Thus Earth is not our only home. We have lived many lives in unusual environments before deciding to journey here and learn the lessons of Earth. After our schooling is completed on this planet, we will journey onward to discover new worlds to explore. The memories of these soul journeys are recorded in our subconscious, and in Legacy from the Stars hypnotherapist Dolores Cannon shows that they can be retrieved through regressive hypnosis. She reports dramatic cases where the subjects relived other lifetimes in strange environments -- inhabitants of other planets. After reading her latest book, you may agree that "we are all extraterrestrials," and Earth is merely a stop-over in our long adventure.

**Astrology** - Isabel M. Hickey 1992
