*Yugoslavia as History* John R. Lampe 2000-03-28

An authoritative history of Yugoslavia with a new chapter on the ethnic wars in Croatia and Bosnia, and Kosovo.

*Secession* - Allen Buchanan 1991-09-25

This is the first book-length treatment of an increasingly crucial topic. Professor Buchanan develops a coherent theory of the conditions under which secession is morally justifiable and applies it to historical and contemporary examples. Buchanan locates his account of the right to secede in the broader context of contemporary political thought, introducing readers to influential accounts of political society, such as contractarianism and communitarianism, and showing how the possibility of secession fits into a more complete account of political community and political obligation. This is an important book, not just for political and social theorists, but for any reader concerned with the future of troubled political federations and other states under conditions of ethnic and cultural pluralism.

*Yugoslavia* Laura Silber 1997-02

Yugoslavia: Death of a Nation draws on hundreds of interviews with politicians, soldiers, and citizens to bring readers behind the scenes of Europe's bloodiest conflict since World War II. Published as the companion to the critically acclaimed BBC documentary broadcast on the Discovery Channel.

*Bosnia* - Noel Malcolm 1996-10

Discusses the different ethnic and religious groups that inhabit Bosnia, and looks at the political and cultural upheaval that have been a continuing part of the region's history

**The Collapse of Yugoslavia 1991-1999** - Alastair Finlan 2014-06-06

In 1991, an ethnically diverse region that had enjoyed decades of peaceful coexistence descended into bitter hatred and chaos, almost overnight. Communities fractured along lines of ethnic and religious affiliation and the ensuing fighting was deeply personal, resulting in brutality, rape and torture, and ultimately the deaths of thousands of people. This book examines the internal upheavals of the former Yugoslavia and their international implications, including the failure of the Vance-Owen plan; the first use of NATO in a combat role and in peace enforcement; and the war in Kosovo, unsanctioned by the UN but prosecuted by NATO forces to prevent the ethnic cleansing of the region.

**Yugoslavia** - Nora Beloff 1997-01-01

In this outstanding appraisal of the modern history of Yugoslavia and the factors surrounding its break-up, Nora Beloff takes sacred tenets of received wisdom and subjects them to close analysis. Interventions by foreign governments, the role of the United Nations, the recognition of the secessionists' political platforms, together with the diplomatic infighting and confusion are all chronicled in this concise account.

**To End a War** - Richard Holbrooke 1999-05-25

When President Clinton sent Richard Holbrooke to Bosnia as America's chief negotiator in late 1995, he took a gamble that would eventually redefine his presidency. But there was no saying then, at the height of the war, that Holbrooke's mission would succeed. The odds were strongly against it. As passionate as he was controversial, Holbrooke believed that the only way to bring peace to the Balkans was through a complex blend of American leadership, aggressive and creative diplomacy, and a willingness to use force, if necessary, in the cause for peace. This was not a universally popular view. Resistance was fierce within the United Nations and the chronically divided Contact Group, and in Washington, where many argued that the United States should not get more deeply involved. This book is Holbrooke's gripping inside account of his mission, of the decisive months when, belatedly and reluctantly but ultimately decisively, the United States reasserted its moral authority and leadership and ended Europe's worst war in over half a century. To End a War reveals many important new details of how America made this historic decision. What George F. Kennan has called

Holbrooke's "heroic efforts" were shaped by the enormous tragedy with which the mission began, when three of his four team members were killed during their first attempt to reach Sarajevo. In Belgrade, Sarajevo, Zagreb, Paris, Athens, and Ankara, and throughout the dramatic roller-coaster ride at Dayton, he tirelessly imposed, cajoled, and threatened in the quest to stop the killing and forge a peace agreement. Holbrooke's portraits of the key actors, from officials in the White House and the Élysée Palace to the leaders in the Balkans, are sharp and unforgiving. His explanation of how the United States was finally forced to intervene breaks important new ground, as does his discussion of the near disaster in the early period of the implementation of the Dayton agreement. To End a War is a brilliant portrayal of high-wire, high-stakes diplomacy in one of the toughest negotiations of modern times. A classic account of the uses and misuses of American power, its lessons go far beyond the boundaries of the Balkans and provide a powerful argument for continued American leadership in the modern world.

*Slobodan Milosevic and the Destruction of Yugoslavia* - Louis Sell 2003-08-04

A former U.S. foreign service officer chronicles the disintegration of Yugoslavia by focusing on the life and career of its principle executioner, Slobodan Milosevic.

*Hunger and Fury* - Jasmin Mujanović 2018

Less than two decades after the Yugoslav Wars ended, the edifice of parliamentary government in the Western Balkans is crumbling. This collapse sets into sharp relief the unreformed authoritarian tendencies of the region's entrenched elites, many of whom have held power since the early 1990s, and the hollowness of the West's "democratization" agenda. There is a widely held assumption that institutional collapse will precipitate a new bout of ethnic conflict, but Mujanovic argues instead that the Balkans are on the cusp of a historic socio-political transformation. Drawing on a wide variety of sources, with a unique focus on local activist accounts, he argues that a period of genuine democratic transition is finally dawning, led by grassroots social movements, from Zagreb to Skopje. Rather than pursuing ethnic strife, these new Balkan revolutionaries are confronting the "ethnic entrepreneurs" cemented in power by the West in its efforts to stabilise the region since the mid-1990s. This compellingly argued book harnesses the explanatory power of the striking graffiti scrawled on the walls of the ransacked Bosnian presidency during violent anti-government protests in 2014: 'if you sow hunger, you will reap fury'.

*Gender Ironies of Nationalism* - Tammar Mayer 2012-10-12

This book provides a unique social science reading on the construction of nation, gender and sexuality and on the interactions among them. It includes international case studies from Indonesia, Ireland, former Yugoslavia, Liberia, Sri Lanka, Australia, the USA, Turkey, China, India and the Caribbean. The contributors offer both the masculine and feminine perspective, exposing how nations are comprised of sexed bodies, and exploring the gender ironies of nationalism and how sexuality plays a key role in nation building and in sustaining national identity. The contributors conclude that control over access to the benefits of belonging to the nation is invariably gendered; nationalism becomes the language through which sexual control and repression is justified masculine prowess is expressed and exercised. Whilst it is men who claim the prerogatives of nation and nation building it is, for the most part, women who actually accept the obligation of nation and nation building.

**Kosovo** - Tim Judah 2002-01-01

Om det spændte forhold mellem albanere og serbere i Kosovo, som har eksisteret siden middelalderen, og som til sidst førte til NATOs bombardement og Kosovos forvandling fra serbisk provins til internationalt protektorat

**Ethnic Nationalism** - Bogdan Denis Denitch 1996

**Tito and His Comrades** - Jože Pirjevec 2018-05-22

This landmark biography, now in English for the first time, reveals the life of one of the most powerful figures of the Cold War era. Josip Broz, nicknamed Tito, led Yugoslavia for nearly four decades with charisma, cunning, and an iron fist. An illuminating, definitive portrait of a complex man in turbulent times, a life as riveting as any John Le Carré plot.

**Serbian Nationalism and the Origins of the Yugoslav Crisis** - Vesna Pešić 1996

*Tell It to the World* - Elliott Behar 2014-12-27

Hilary Weston Writers' Trust Prize for Nonfiction — Shortlisted On April 5, 1999, Serbian police found a truck half-submerged in the Danube River. When they looked inside, they found it filled with human bodies. Following orders, they hid the truck and its contents. Two weeks later, on the other side of Serbia, the same thing happened. The full picture would only emerge years later, when the International Criminal Tribunal for the Former Yugoslavia investigated and prosecuted the chief architects of the ethnic cleansing of Kosovo. These cases, which formally came to a close in 2014, exposed a secret campaign to hide terrible crimes by transporting and concealing the bodies of the dead. In *Tell It to the World*, Elliott Behar, a former war crimes prosecutor, tells the true story of what unfolded. He examines the causes and consequences of mass violence, identifying a powerful and disturbing connection between the justice we seek and the injustices we commit.

**Yugoslavia** - Noam Chomsky 2018-04-10

The Balkans, in particular the turbulent ex-Yugoslav territory, have been among the most important world regions in Noam Chomsky's political reflections and activism for decades. His articles, public talks, and correspondence have provided a critical voice on political and social issues crucial not only to the region but the entire international community, including "humanitarian intervention," the relevance of international law in today's politics, media manipulations, and economic crisis as a means of political control. This volume provides a comprehensive survey of virtually all of Chomsky's texts and public talks that focus on the region of the former Yugoslavia, from the 1970s to the present. With numerous articles and interviews, this collection presents a wealth of materials appearing in book form for the first time along with reflections on events twenty-five years after the official end of communist Yugoslavia and the beginning of the war in Bosnia. The book opens with a personal and wide-ranging preface by Andrej Grubačić that affirms the ongoing importance of Yugoslav history and identity, providing a context for understanding Yugoslavia as an experiment in self-management, antifascism, and multiethnic coexistence.

**The Serbs** - Tim Judah 1997-01-01

History, myth, and the destruction of Yugoslavia.

**German Antiguerrilla Operations in the Balkans (1941-1944)** - Robert M. Kennedy 1989

**The Death of Yugoslavia** - Laura Silber 1995

"The Death of Yugoslavia is the first account to go behind the public face of battle and into the closed worlds of the key players in the war. Laura Silber, Balkans correspondent for the Financial Times, and Allan Little, award-winning BBC journalist, plot the road to war and the war itself. They pinpoint the key events that occurred in the capitals of Belgrade and Zagreb, and in villages ravaged by 'ethnic cleansing', and draw on eye-witness testimony, scrupulous research and hundreds of interviews to give unprecedented access to the facts behind the media stories. Challenging the received wisdom that the war occurred as a spontaneous and inevitable eruption of ethnic hatreds, the authors expose, step-by-step, a plan to divide the country by force of arms." "Could anything have been done to prevent this terrible tragedy? What will be its lasting effects? The authors consider these questions and assess the present situation and its implications for future international relations."--BOOK JACKET. **A History of Yugoslavia** - Marie-Janine Calic 2019

Why did Yugoslavia fall apart? Was its violent demise inevitable? Did its population simply fall victim to the lure of nationalism? How did this multinational state survive for so long, and where do we situate the short life of Yugoslavia in the long history of Europe in the twentieth century? *A History of Yugoslavia* provides a concise, accessible, comprehensive synthesis of the political, cultural, social, and economic life of Yugoslavia-

-from its nineteenth-century South Slavic origins to the bloody demise of the multinational state of Yugoslavia in the 1990s. Calic takes a fresh and innovative look at the colorful, multifaceted, and complex history of Yugoslavia, emphasizing major social, economic, and intellectual changes from the turn of the twentieth century and the transition to modern industrialized mass society. She traces the origins of ethnic, religious, and cultural divisions, applying the latest social science approaches, and drawing on the breadth of recent state-of-the-art literature, to present a balanced interpretation of events that takes into account the differing perceptions and interests of the actors involved. Uniquely, Calic frames the history of Yugoslavia for readers as an essentially open-ended process, undertaken from a variety of different regional perspectives with varied composite agenda. She shuns traditional, deterministic explanations that notorious Balkan hatreds or any other kind of exceptionalism are to blame for Yugoslavia's demise, and along the way she highlights the agency of twentieth-century modern mass society in the politicization of differences. While analyzing nuanced political and social-economic processes, Calic describes the experiences and emotions of ordinary people in a vivid way. As a result, her groundbreaking work provides scholars and learned readers alike with an accessible, trenchant, and authoritative introduction to Yugoslavia's complex history.

**The Balkans** - Misha Glenny 2012-09-25

This unique and lively history of Balkan geopolitics since the early nineteenth century gives readers the essential historical background to recent events in this war-torn area. No other book covers the entire region, or offers such profound insights into the roots of Balkan violence, or explains so vividly the origins of modern Serbia, Croatia, Bosnia, Greece, Bulgaria, Romania, and Albania. Misha Glenny presents a lucid and fair-minded account of each national group in the Balkans and its struggle for statehood. The narrative is studded with sharply observed portraits of kings, guerrillas, bandits, generals, and politicians. Glenny also explores the often-catastrophic relationship between the Balkans and the Great Powers, raising some disturbing questions about Western intervention.

**Balkan Holocausts?** - David Bruce Macdonald 2002

*Balkan Holocausts?* compares and contrasts Serbian and Croatian propaganda from 1986 to 1999, analyzing each group's contemporary interpretations of history and current events. It offers a detailed discussion of holocaust imagery and the history of victim-centered writing in nationalism theory, including the links between the comparative genocide debate, the so-called holocaust industry, and Serbian and Croatian nationalism. No studies on Yugoslavia have thus far devoted significant space to such analysis.

**Kosovo** - Julie Mertus 1999-08-09

Explores the foundations of conflict in Kosovo, charging that the international community's failure to support the Albanians in their initial passive resistance to Serbian repression led to violence.

**The Death of Yugoslavia** - Laura Silber 1996

Accompanying a major five-part BBC TV series (first broadcast in autumn 1995), 'The Death of Yugoslavia' describes the break-up of the former Yugoslavia and provides a definitive history of events in the last ten years, and their ongoing effects.

**Impossible Country** - Brian Hall 2011-04-30

'Here is art which conceals art, and intellect which conceals intellect, so that by the end of the book one feels that one understands something one had not understood before. Mr Hall is witty and amusing, but not snide; he has a lightness of touch which allows him to write of extremely serious matters without solemnity; he knows how to convey a great deal in a few words' Sunday Telegraph 'He is an observant and witty writer...you believe implicitly that he has met the people he writes about, and that they said what he quotes them as saying' Sunday Times

**The Butcher's Trail** - Julian Borger 2017-09-19

Now updated and in paperback, the gripping story of how--and against what odds--the perpetrators of Balkan genocide were subjected to the most successful manhunt in history. Written with a thrilling narrative pull, *The Butcher's Trail* chronicles the pursuit and capture of the Balkan war criminals indicted by the International Criminal Tribunal for the former Yugoslavia in The Hague. Borger recounts how Ratko Mladić--now on trial in The Hague--and recently convicted Radovan Karadžić were finally tracked down, and describes the intrigue behind the arrest of Slobodan Milošević, the Yugoslav president who became the first head

of state to stand before an international tribunal for crimes perpetrated in a time of war. Based on interviews with former special forces soldiers, intelligence officials, and investigators from a dozen countries--most speaking about their involvement for the first time--this book reconstructs a fourteen-year manhunt carried out almost entirely in secret. Indicting the worst war criminals that Europe had known since the Nazi era, the ICTY ultimately accounted for all 161 suspects on its wanted list, a feat never before achieved in political and military history.

Yugoslavia: A History of its Demise - Viktor Meier 2005-06-20

Yugoslavia: A History of its Demise is a new history of the disintegration and collapse of the former Yugoslavia. Commencing with the death of Tito, Meier presents an insider's guide to all the regions of Yugoslavia, including Macedonia, and in particular, emphasizes the crucial part played by Slovenia before the outbreak of war in 1991. Drawing on official federal and republican archives, but also sources which are not yet officially open for scholarly use, the book covers: \* the legacy of Tito's regime \* the personalities who dominated the Yugoslav stage during its dismemberment \* the military threat against Slovenia in the late 1980s \* the attempts to find a peaceful solution \* the political conditions in Macedonia and Bosnia-Herzegovina \* Western policy towards Yugoslavia's disintegration and terror.

Bosnia's Paralysed Peace - Christopher Bennett 2016-08-18

Two decades after the Dayton Peace Agreement came into force, Bosnia is not at war. However, the absence of war is not peace. Bosnia has failed to move on from conflict. Political processes are deadlocked. The country is in a state of political, social and economic paralysis. As the international community has downgraded its presence, conditions have deteriorated, irredentist agendas have resurfaced and the outlook is increasingly negative. War remains a risk because of myriad unresolved issues, zero-sum politics and incompatible positions among rival ethno-national elites. In the face of paralysis, international officials repeat the mantra that there is no alternative to Bosnia's European path and urge the country's leaders to see reason, to temper their rhetoric and to carry out internationally approved reforms -- to no avail. Despite international reluctance to recognise failure, the day will come when it is impossible to ignore the gravity of the situation. When that day arrives, the international community will have to address the shortcomings of the peace process. This, in turn, will involve opening up the Dayton settlement. Christopher Bennett presents a cautionary political history of Bosnia's disintegration, war and peace process. And he concludes by proposing a paradigm shift aimed at building ethno-national security and making the peace settlement self-sustaining.

Serbian Irredentism in Croatia - De Zhong Gao 2013-11-26

Essay from the year 2013 in the subject History Europe - Other Countries - European Postwar Period, grade: A, McGill University, course: Independent Research, language: English, abstract: The following essay argues how the ethnic bargaining model and theory of fear provide a better understanding of ethnic irredentism and violence in Yugoslavia. This essay analyzes how institutional arrangements of the republics in the former Yugoslavia affected the collapse of the Yugoslav federation, and demonstrates how Jenne's ethnic bargaining model and Lake and Rothchild's theory of fear account for the origins of the Serbian-Croatian conflict.

Regime Change in the Yugoslav Successor States - Mieczysław P. Boduszyński 2010-04-26

Scholars, practitioners, and policymakers will find the book to be a compelling contribution to the study of comparative politics, democratization, and European integration.

Croatia - Marcus Tanner 2010-07-27

From the ashes of former Yugoslavia an independent Croatian state has arisen, the fulfillment, in the words of President Franjo Tuđman, of the Croats' "thousand-year-old dream of independence." Yet few countries in Europe have been born amid such bitter controversy and bloodshed: the savage war between pro-independence forces and the Yugoslav army left about one-third of the country in ruins and resulted in the flight of a quarter of a million of the country's Serbian minority. In this book an eyewitness to the breakup of Yugoslavia provides the first full account of the rise, fall, and rebirth of Croatia from its medieval origins to today's tentative peace. Marcus Tanner describes the creation of the first Croatian state; its absorption into feudal Hungary in the Middle Ages; the catastrophic experience of the Ottoman invasion; the absorption of the diminished country into Habsburg Austria; the evolution of modern Croatian nationalism after the French Revolution; and the circumstances that propelled Croatia into the arms of Nazi Germany and the brutal, home-grown "Ustashe" movement in the Second World War. Finally,

drawing on first-hand knowledge of many of the leading figures in the conflict, Tanner explains the failure of Tito's Communists to solve Yugoslavia's tortured national problem by creating a federal state, and the violent implosion after his death. Croatia's unique position on the crossroads of Europe--between Eastern and Western Christendom, the Mediterranean, and the Balkans and between the old Habsburg and Ottoman empires--has been both a curse and a blessing, inviting the attention of larger and more powerful neighbors. The turbulence and drama of Croatia's past are vigorously portrayed in this powerful history.

Miss Ex-Yugoslavia - Sofija Stefanovic 2018-04-17

"Sofija Stefanovic's beautiful memoir Miss Ex-Yugoslavia depicts the elegant transit of a girl becoming an artist. This is a story we yearn to know: How does a girl lose her childhood, family, and nation, yet nurture her memories, dreams, and art? Stefanovic hits all her marks, and she keeps us in her thrall." —Min Jin Lee, author of Pachinko, a New York Times bestseller and National Book Award finalist "Funny and tragic and beautiful in all the right places. I loved it." —Jenny Lawson, #1 New York Times bestselling author of Let's Pretend This Never Happened and Furiously Happy A funny, dark, and tender memoir about the immigrant experience and life as a perpetual fish-out-of-water, from the acclaimed Serbian-Australian storyteller. Sofija Stefanovic makes the first of many awkward entrances in 1982, when she is born in Belgrade, the capital of socialist Yugoslavia. The circumstances of her birth (a blackout, gasoline shortages, bickering parents) don't exactly get her off to a running start. While around her, ethnic tensions are stoked by totalitarian leaders with violent agendas, Stefanovic's early life is filled with Yugo rock, inadvisable crushes, and the quirky ups and downs of life in a socialist state. As the political situation grows more dire, the Stefanovics travel back and forth between faraway, peaceful Australia, where they can't seem to fit in, and their turbulent homeland, which they can't seem to shake. Meanwhile, Yugoslavia collapses into the bloodiest European conflict in recent history. Featuring warlords and beauty queens, tiger cubs and Baby-Sitters Clubs, Sofija Stefanovic's memoir is a window to a complicated culture that she both cherishes and resents. Revealing war and immigration from the crucial viewpoint of women and children, Stefanovic chronicles her own coming-of-age, both as a woman and as an artist who yearns to take control of her own story. Refreshingly candid, poignant, and illuminating, Miss Ex-Yugoslavia introduces a vital new voice to the immigrant narrative.

Saviours of the Nation - Jasna Dragovic-Soso 2002-10-09

Jasna Dragovi -Soso asks why this strong and apparently democratic opposition movement subsequently turned towards an extreme form of nationalism and had by the end of the 1980s accepted Milošević's undemocratic policies. Based on the author's extensive primary source research and interviews with key protagonists, Saviours of the Nation examines both the causes and the consequences of the opposition's transformation into a nationalist force. Highlighting the role of historical context, it argues that three main factors contributed to the intellectuals' elaboration of a radical nationalist ideology: abandonment of cultural "Yugoslavism" in conjunction with the post-Tito crisis of the state, difficulties in solving the thorny "Kosovo question," and relationships between the dissidents and their Slovenian counterparts. Soso also includes a thorough analysis of the "Memorandum" of the Serbian Academy and the intellectuals' relations with Milošević. She argues that the intellectual opposition's search for Serbian statehood at any price undermined its ability to present a convincing political alternative, allowing the regime to overcome its crisis of legitimacy and continue its reckless and belligerent policies.

A Safe Area - David Rohde 1997

The massacre at Srebrenica of between 3000 and 5000 Muslim prisoners by Bosnian Serbs is one of the most horrifying tales to emerge from the bitter conflict in Bosnia. It changed the course of the war and led to the deployment of US ground troops in the area. It also became the first atrocity in modern times where the well-intentioned but ineffectual Western involvement contributed directly to the mass executions.

Genocide on the Drina River - Edina Becirevic 2014-07-29

"Explores the widespread ethnic cleansing that occurred in Bosnia and Herzegovina from 1992 through 1995, war crimes and crimes against humanity committed by Serbs against Bosnian Muslims that fully meet the criteria for genocide established after World War II by the Genocide Convention of 1948...Contextualizes the East Bosnian program of atrocities with respect to broader scholarly debates about the nature of genocide."--Publishers website

Modernism: The Creation of Nation-States - Ahmet Ersoy 2010-01-01  
Notwithstanding the advantages of physical power, the struggle for

survival among societies is not merely a matter of serial armed clashes but of the nation's spiritual resources that in the end always decide upon the victory. In Europe, there indeed exist independent countries, insignificant from the point of view of the entire civilization, and born by sheer coincidence, yet, this coincidence, this fancy, or diplomatic ploy that created them can just as easily bring them to an end---the nations that count in the political calculations are only the enlightened ones. Therefore, our nation should not merely grow in power, strengthen its character, and foster in people the feeling of love for homeland, but also--inasmuch as it is possible---breathe the fresh breeze of humanity's general progress, feed it to the nation, absorb its creative energy. Until now, we have trusted and lived only in the weary conditions, conditions devoid of health-giving elements---now, as a result the nation's heart beats too slowly and its mind works too tediously. We ought to open our windows to Europe, to the wind of continental change and allow it to air our sultry home, since as not all health comes from the inside, not all disease comes from the outside.

Croatia - Marcus Tanner 2001-01-01

This second edition updates the account and follows Croatia's progress to democracy since the death of President Franjo Tudjman."--BOOK

JACKET.

**Tito and the Rise and Fall of Yugoslavia** - Richard West 2012-11-15  
Few figures have dominated a nation's destiny as much as Marshal Tito of former Yugoslavia. For nearly thirty years he held together mutually hostile religious groups in a deeply divided country, but his death in 1980 rekindled centuries-old hatreds and by 1992 Yugoslavia ceased to exist. In this revealing biography, Richard West questions the full impact of Tito's reign of power and his implicit responsibility for the ensuing violent, bloody war in Bosnia. 'Excellent ... I recommend his book for those who already know about Yugoslavia and want food for thought about the future.' David Owen, Sunday Times 'Admirable ... Carefully researched and extremely readable.' Literary Review 'A passionate book, in which West's historical sense is interlaced with his own very intimate knowledge of Yugoslavia from the late 1940s on and of the poignancy of [subsequent] events.' Fergus Pyle, Irish Times 'Masterly'. Glasgow Herald

**To Kill a Nation** - Michael Parenti 2002-08-17

Challenges mainstream media coverage of the war, uncovering hidden agendas behind Western rhetoric.
